Let's tear your electric bill
to pieces

GO AHEAD, lady—tear your electric bill apart and see what it's all about.

This little piece lights all your lamps. This one plays your radios. This cools and keeps your food. This washes your clothes. This takes care of the cooking and ironing and cleaning. And so on.

That's a lot of different jobs to be covered by one small bill.

And—hold on! You've paid for more than just electricity. About 25c of every dollar you pay for electric service goes in turn for taxes which benefit your community and help pay for the war.

Taxes UP. . . . General cost of living UP. . . . You'd think the cost of electric service would be up, too. But it isn't. It has even come down a little since the war began. Actually—

The average family gets about twice as much electricity for its money today as it did fifteen years ago!

This welcome fact comes from the careful planning and progressive spirit of America's business-managed, self-supporting electric companies.

The Veterans' Guide

CAPTAIN JOHN F. WILLIAMS

County Service Officer
Digests of House Document No. 682, 78th Congress—2nd Session
The purpose of this column is to give the veterans a correct picture of the rights and benefits available to them and their dependents. Without attempting to answer all the questions anyone could ask, it simply gives the high spots and tells them where the answers can be found.

Education
Educational aid for veterans is available from the Veterans' Administration provided: (1) you were discharged under conditions other than dishonorable; (2) you were not over 25 at the time you entered service; or can demonstrate that your service; or if you desire a refresher or retraining course; (3) you served 90 days or more not counting the time in Army Specialized Training Program or Navy College Training Program, which course was a continuation of a civilian course and which was pursued to completion, or as a Cadet or Midshipman in a Service Academy; or were discharged or released from service because of an actual service-incurred injury or disability; and (4) you start such education not later than two years after discharge or end of war (whichever date is later).

Length of training: One year for its equivalent in part-time study. If you complete these courses (except refresher or retraining courses) satisfactorily, you will be entitled to additional education or training not to exceed the length of time you spent in active service after September 16, 1940, and before the end of the present war (not including ASTP or Navy College program). No course of education or training shall exceed four years.

Types of courses: You may select your own course at any educational or training institution which accepts you as qualified to undertake them, provided the institution is on the list approved by the Veterans' Administration.

Types of educational institution: Public or private, elementary, or secondary and other schools furnishing education for adults; business schools and colleges; scientific and technical institutions; colleges, vocational schools, junior colleges, teachers' colleges, normal schools, professional schools, universities, and other educational and training institutions, including industrial establishments providing apprentice or other training on the job.

Expenses paid: The Veterans' Administration will pay to the educational or training institution the customary cost of tuition, and such laboratory, library and similar payments as are customarily charged, and may pay for books, supplies, equipment and such other necessary expenses (exclusive of board, lodging, other living expenses and travel) as are required. Such payments shall not exceed \$500 for an ordinary school year.

Living allowance: The Veterans' Administration will also provide subsistence allowance of \$50.00 a month if you have no dependents, \$75 if you have. (This may be reduced, however, if you attend on a part-time basis or receive compensation for work done as part of your training.)

You may also want to apply for school or college credit for what you learned in the service—or a record of it to show your prospective employer.

For further information apply any facility of the Veterans' Administration, court house.

Sgt. William Hill Honorable Discharged

Sgt. William J. Hill, of Waynesville, has recently been honorably discharged from the U. S. armed forces at Bear Field, Fort Wayne, Ind., at the First Troop Carrier Command base under the provisions of the army point system.

At the time of his entry in the service Sgt. Hill, who is a graduate of the Waynesville Township high school, was employed at the R. N. Barber Orchards.

He has a brother, Private Noel Hill, who is serving in the U. S. army.

The Jap die-hards aren't satisfied, but they should be patient. They are the ones who will die hard at the end of a rope.

BOWEL CLEANING POWER OF INNER-AID MEDICINE

One man recently took INNER-AID three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and whole system were so thoroughly cleansed that his constant headaches came to an end, several pimply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all Drug Stores here in Haywood County.

Raines Brothers Serve In Pacific

Mrs. Neisen Curtis has two sons now serving in the Pacific theater, Albert Raines, Seaman first class, and Gordon C. Raines, seaman second class.

Seaman Albert Raines witnessed the entrance of the Fourth Fleet into Japan's Omote Bay on the tip of Northern Honshu, while serving aboard the destroyer USS McDermut. His ship, christened by Mrs. Woodrow Wilson in 1943, and chalked up her first battle star for taking part in the raids on the Palau Islands and Wolei. Following the initial invasion of Leyte, the McDermut took part in the great naval battle of Surigo Strait in Philippine waters, helping sink one battleship and one destroyer.

Seaman Gordon Raines, who entered the service in February of this year is en route to Japan. He took his boot training at Camp Perry, Va., and from there was sent to Shoemaker, later San Francisco and then he was assigned to his present mission. He was formerly employed in a shipbuilding plant.

Discharged Vets May Get Income Tax Reduction

WASHINGTON—There is a possibility that discharged G. I.'s will have a sizeable income tax reduction for their first year of civilian life.

At least, that is the idea of the chairman of the tax-writing senate finance committee, Walter George. Under his plan veterans will have only the smallest of payments to consider, and some will not have to file reports at all.

The senator's program would include a continuance of a \$1,500 exemption allowed all men in uniform under the present law, and a married man with two children would have a total exemption of \$3,500 a year.

Two other clauses propose extra consideration for overseas service, based upon the length of time spent abroad.

PIMPLES
Disappeared Overnight!
Blackheads, Too, Went Fast!
Yes, it is true, there is a safe, effective, and pleasant way to get rid of pimples, blackheads, and skin blemishes. It's called **KIEREX**. It draws out impurities, opens up pores, and restores your skin to its natural, healthy glow. **KIEREX** is a safe, effective, and pleasant way to get rid of pimples, blackheads, and skin blemishes. An Emergency Appeal

From Our Millions Still in Service

YES, the war is over . . . but not the work of several million G. I.'s!

Ask any soldier what "Occupation Duty" means — and he'll tell you it may be the most important job in the army right now, but one of the dreariest ones.

He'll tell you the novelty wears off soon, being in a strange country among strange people. That the Main Drag in Tokyo or Berlin can't compare with Main Street in Topeka or Boston.

There are millions of boys thousands of miles from home who'd give song, hear American jokes, or talk to an American girl again.

That's why the U. S. O. cannot and must not quit. Your dollars must keep it going. For if ever those boys needed a lift and a laugh, they need it now.

The need is so urgent that General Eisenhower asked U. S. O. Camp Shows to quadruple its activities after V-E Day to take care of the boys in Europe. And similar entertainment plans have been made for our forces in Japan and throughout the lonely Pacific outposts.

But that's not all . . .

U. S. O. Camp Shows also entertain the troops in transit . . . at debarkation and separation centers. U. S. O. Clubs and lounges in the States, Alaska, Hawaii, the Philippines, and many other bases, give the boys "a home away from home." Some 500 U. S. O. Clubs are located near military hospitals . . . and special Camp Shows tour the wards . . . to keep the wounded on the sunny side.

Yes, millions still in service are depending on YOU for a bit of cheer. For a large part of every dollar you give to your local Community Campaign goes to support the U. S. O.

The need is greater than ever. So try to give more than ever, won't you? Show the boys you haven't forgotten them!
