How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous state of functional periodic distress. Here's how it may help: 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. It helps, you'll be glad you did.
