

Victory Loan Contest Held In Seventh Grade

Mrs. Emelyn Haynes Smith, teacher of reading in the seventh grade, in junior high school, conducted a contest on the Victory Loan drive in her classes. The students were given the privilege of making a poster or writing about the drive. The winning posters have been placed in the various business firms and the winning written entries were as follows:

Victory Loan
We are now heading for a goal on the Eighth War Loan Drive. The other war loans paid for the war. This one will pay for taking care of the soldiers and hospitalization for the wounded.

The bonds bought in the first seven war loan drives helped to avenge Pearl Harbor, brought Italy to surrender, brought about D-Day, and made Germany surrender. The bonds bought in the seventh war loan helped to raise the flag on Iwo Jima. Then on September 10, 1945, Japan surrendered.

Because the war is over the people of the United States should not lie down on the job. They should continue to buy war bonds and hold the ones they have.

So people keep on buying bonds so as to have a home or some desired item in the future. When you are buying bonds, you aren't giving—just lending.

Some people have given their legs, some their arms, eyes, and even some have given both legs or arms. While we at home say we have bought all the bonds and stamps we can, but we haven't. We can use the money we spend for candies and other luxuries for bonds and stamps. Let's all strive to do our best.

The War Loan

What is the war loan anyway. It's to bring the boys back home they say.

So I will put in my dimes for stamps.
So they can get away from the army camps.

I am going to forget Christmas time.

And into the war loan put a dime. And buy a bond or stamp each day. So the boys won't stay so far away.

—Velda Arrington.

Victory Loan

If you put your dimes into stamps. It will do you lots of good. They help to pay for ammunition. And conquered countries food.

There are lots of boys overseas. Who would like to get back home. So give all the money you can spare.

In this Victory loan.

If you have plans for spending

USEFUL

There will be an increase in the manufacture of kitchen gadgets, they say, and what could be more useful, during an egg shortage than a nice new egg-beater?—Ryan in Boston Herald.

money
For anything but bonds.
Just forget the whole idea.
Put it in the war loan funds.

If men can give lives, arms and legs,
Surely you can give a dime.
Just forget about that bike.
You were to get at Christmas time.
—Sidney Greene.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The net of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer sagging backache, persistent headache, attacks of dizziness, getting up sick, swelling, stiffness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. The **Doan's Pills**. They have had more than forty years of public approval. Are endorsed the country over. Just on Doan's. Sold at all drug stores.

A Statement About Shoplifting

It is the observation of the merchants of this community that during recent months there has been a very considerable increase in shoplifting.

It is the further observation of local merchants that the increased use of shopping bags made necessary by the shortage of paper bags has contributed to this increase—particularly with relation to food items.

The loss by local stores is estimated to run into thousands of dollars for the past few months.
