VICTORY BOND DIGEST

Why should I buy Bonds now that the War is over? A good question with many answers. Buy them for the sake of our boys . . . the millions still in uniform . . . the hundreds of thousands on the way home. To help bind the wounds of the suffering. To help them start life anew.

The shooting has stopped, but it's not all over yet . . . not till the last man is back can we on the home front consider our obligations met. Obligations we owe to every man who served in the cause of Liberty. It's a costly undertaking, a responsibility we must not neglect. That's why our Government needs Eleven Billion Dollars invested in Victory Bonds. Could there be a better reason?

Remember? How can we ever forget? Disaster and death came out of the clear blue sky to strike like a thunderbolt! Never again will America be so totally unprepared...never again will America let her guard down. We're going to make sure it won't happen again by backing our words with action. Action that will make Post-war America strong. That means a solid economy . . . without inflation. That means giving the boys who did the fighting a break . . . backing up the G. I. Bill of Rights. The best way to do it . . . Buy Victory Bonds. The best time . . . right now . . . December 7th . . . a *DARK* day in America's past, a *great* day to reaffirm your faith in America's future.
