The drug store will open for business this morning, with a modern store in every detail, and a Walgreen Agency for this locality.

The new firm is owned and operated by Zeb Curtis, well known in the drug business for many years. The store is on Main street in the Chamber of Commerce building formerly occupied by the rationing board.

Associated with Mr. Curtis is a staff of trained people for each of the various departments of the store. James Louis Cobb will have charge of the prescription department, and will serve as assistant to Mr. Curtis throughout the store.

Miss Cobb will be connected with the store as saleslady in the drug department. Miss Hoff is in charge of the station department, and has been assisted by Mrs. Mary Edith Bumgarber and Mrs. Martha Stephens.

Others in the drug department are Vivian Grubb and Mrs. Green. The cashiers are Margaret Bell and Miss Carothers.

The store has been completely renovated with a new front featuring the modernized "new" show windows. A tobacco counter is on the left as one enters the store, and the cashier for the soda and tobacco departments. The soda and tobacco departments follow next in line with the drug and sundries department back to the prescription department.

The prescription department is in the view of every customer, and see their prescriptions compounded by Dr. Cobb, well known in Western Carolina, having moved here to Black Mountain, where he is a pharmacist and assistant pharmacist of Black Mountain's leading store.

Dr. Cobb is a graduate of the University of North Carolina and a member of the North Carolina school of pharmacy for the past 24 years and in active prescription work.

Crabtree Falls To Mountaineers In Twin Cage Game

The Waynesville Mountaineers opened their basketball season on the local court Tuesday afternoon by defeating Crabtree in a twin cage engagement. The local girls chalked up a 32 to 13 win, and the boys came through with a 34 to 19 victory.

The first game of the season was to have been with Webster last week, but due to the schools closing because of the adverse weather, the game was called off.

Both the girls and boys showed good form in their opening game, and Coach Carleton Weatherby has high hopes for both teams during the coming season.

The left side of the store features the soda fountain, and two long rows of modern booths, with a seating capacity of 50.

The fixtures and arrangements of the store were designed by Walgreen merchandising experts and bought recently by Mr. Curtis while in Chicago.

Mr. Vaughn, Walgreen representative, has been here for the past few days assisting in helping get the store arranged for the opening today.
