## Methodist Fellowship Group Meets Here

The Haywood County Methodist Youth Fellowship held its regular monthly meeting at the First Methodist church here on Monday with Miss Dorothy James, president of the sub-district, presiding during the business session.

The young people of the Waynesville group were in charge of the devotional and social features of the program. Problems of the county organization were presented by C. C. Poindexter, adult counselor of the Fellowship groups in the county. He pointed out solutions to many of the problems.

The attendance banner was awarded to the Canton Central Methodist Church Fellowship group for having the largest number present.

The February meeting will be held at the First Church of Canton. The subject will center around "The Commission at Work" with the commission's chairmen and adult advisors in charge of each commission part on the program, which was worked out later by the sub-district council.

Plans are also under way for a county-wide youth revival to be held at Lake Junaluska from March 24 to March 31, the program to be announced at a later date.

On Tuesday night at 7:00 o'clock there will be an important Sunday school meeting at the Hazelwood Baptist church.

Mid-week service and choir rehearsal Wednesday night at 7:30 in the assembly room of the Intermediate department.

The Sunday School and the Training Union are sponsoring a collection of clothing for the destitute millions of Europe. Bring whatever clothing and shoes that you can spare to the church both morning and evening.

We cordially invite the public to attend these services. To the visitors in our town who have no church home we invite you to participate in our services.

## Metal Trim

Gold or silver-trimmed dishes should be washed with mild soap. Strong soaps, ammonia, or washing soda all destroy metal trim.

## Fat in the Fire

If grease in a frying pan should catch fire, use a handful of salt or soda to extinguish it; water will spread the flame.
