### Mystery Contest Being Staged By Lions Club Here

Civic Club Heard C. E. Brown Discuss Attendance Laws And Results

Beginning Thursday night of this week, and running eight weeks, the local Lions club will participate in a vigorous attendance contest. Two teams have been chosen with Johnny Edwards and Tony Davis as captain. Each Lion is assigned to one or the other teams without knowing which team he is on. The secretary, Loyd Kirkpatrick, is the only member who knows who is on what team. Another mysteriou, element about the contest is that no member knows who is on the team with him. It is a blind boogy race until the end of the contest, at which time the winning team will be announced. The losing team will treat the winner to a dinner.

At the last meeting C. E. Brown, attendance officer for the Haywood county schools was the guest speaker. According to the speaker. North Carolina launched its present educational program about 1900. and since that time school houses have been built in practically every community. The first compulsory school law was passed in 1907, and amendments and changes have been made from time to time. The speaker said, "During the school year of 1943-44, 5,600 boys throughout the world. and girls were out of s hool with! the greater number of absentees |

. Speaking of his work in Havwood county. Mr. Brown said that he had visited practically every class room in the county and at- the county had an average attendtempted to expain the law to the ance of 95 per cent. pupils. He said that even during the bad weather some schools of himself as to what he thought the
