Home Owners! Fill in the sign above with today's value of your own home. Then check the amount of your present insurance against that figure.

The value of your home might well be from 30 per cent to 50 per cent more today than in 1939. Yesterday's fire insurance is not adequate to cover today's higher property values.

The increase in value of your furniture, rugs, clothing, jewelry may represent additional thousands in assets you stand to lose if fire destroys your home and belongings.
