

### Dayton Rubber Is Producing Dated Automobile Tires

To assure tire customers that they are using tires embodying the latest synthetic rubber compounds, a result of constant scientific research, all passenger tires manufactured by the Dayton Rubber Manufacturing Company will have the month and year of manufacture molded into the sidewall to the right of the serial number.

The make-up of rubber from trees is fixed by nature, consequently improvements in compounds of natural rubber have come slowly and with great difficulty. Through the wonders of the chemical laboratory, however, man can control the resiliency, wearability, and every other characteristic of synthetic rubber. This scientific development is swift and continuous, hence the present day synthetic tire is subject to almost constant improvement.

Tires look much alike, the motorist cannot see the differences in compound and construction. Since a few short months can make so much difference in improved quality, Dayton engineers have decided to indicate the month and year it was manufactured, thereby assuring the latest technical excellence in passenger tires.

Sims Tire and Battery Company here are distributors and retailers for this make tire.

### Weds German Girl

AVAILING himself of a loophole in Army orders which forbid marriages between U. S. military personnel and Germans, David C. Petty, Jr., of Pennsylvania is pictured with his German bride, Charlotte, at the home of her parents in Hecker, Germany. The order said nothing about American civilians in uniform. (International)

### Marines Reduced To Rank of Private Because of Protest

PEARL HARBOR — Six Marine non-commissioned officers have been reduced to the rank of private because of their participation in a protest against the Marine Corps discharge policy, headquarters of Lt. Gen. Roy S. Geiger has announced.

Geiger, commander of the Pacific Fleet Marine Force, identified the disciplined non-coms as T/Sgt. Jason P. Shaeffer, Harrisburg, Pa.; Sgt. George M. Darcy, New York City; Sgt. Harry H. Cooley, New Orleans; Cpl. William A. Hamilton; Cpl. Dale L. Hill and Cpl. Walter S. Mullarky (hometowns not immediately available).

The announcement said the six men had "failed to display qualities of leadership, judgment, loyalty and fidelity, requisites of non-commissioned officers in the United States Marine Corps."

"The board found the Marines had participated in composing, signing and obtaining signatures on a petition regarding disapproval of Marine Corps policy in violation of Navy regulations and other pertinent orders; that such action was taken without the knowledge or consent of their commanding officer, and that no previous effort to obtain the information desired had been made through official channels."

### Queen Elizabeth Liner To Be Converted Into Luxury Ship

LONDON — The liner Queen Elizabeth soon will be reconverted from a troop carrier to a peacetime luxury ship.

When she arrives at Southampton from New York March 6 the 85,000-ton giant of the seas, largest passenger liner afloat, will be stripped of her troopship equipment. Then she will go to the Clyde in Scotland for refitting. She will return to transatlantic service in the fall, Cunard officials said last week.

Her sister ship, the 81,235-ton Queen Mary, will make several more trips with American soldiers' brides before being refitted.
