

Monroe Redden Proposes To Establish Veterans' Office In The District

Candidate For Congress Anxious That Veterans And Dependents Be Served

Monroe Redden, candidate for the Democratic nomination for congressman from the twelfth congressional district, has announced plans for establishing an office in the district in which a veteran serving as a secretary will be available to veterans and their dependents at all times to help them with problems that may arise, it was disclosed today.

This innovation, which is believed to be entirely new, is proposed by Mr. Redden as a way in which he, if nominated and elected to congress, will be able to keep in constant touch with the veterans in the district and their problems. This contact, he feels, will enable him to serve them much more quickly and efficiently.

"If elected to congress," Mr. Redden said, "I expect to appoint one secretary who will stay in the district all the time for the benefit of the G. I.'s and other war veterans and their dependents. This secretary will be available as a contact man. He will be familiar with the laws that affect veterans and their rights and will know the benefits to which they are entitled under the laws of their country. The secretary in each case will go into detail and will let me have all the facts so that I may be able to render more efficient service on behalf of the veterans and their families."

"In order to make sure that the veterans and their dependents have the advantage of contact with one who is in sympathy with their needs and alert to their welfare, I shall ask the veterans' organizations of the district to recommend a suitable veteran for this job. The veteran may be a young man already engaged in business or in a profession, whose salary I will supplement for this service. "However, should congress pass a bill which is pending to authorize additional secretaries, I expect to appoint a full-time secretary to stay in the district.

"This is a service to veterans which I think is needed and one which will tend to insure that they get the benefits to which they are entitled. It will bring the government closer to the people and will eliminate many trips to Washington by people whose problems can be solved more speedily here at home. "Under these conditions of course it would be necessary to maintain an office suitably located in the district so that it will be readily accessible, but I feel sure that this secretary, who would serve as a contact man with my office, would prove to be a most valuable asset to the people of the district."

RACE SETTLED
DUNN—Harnett county's senatorial race was quickly settled this week, and nobody can say that Fred S. Thomas hasn't got sporting blood. The race was almost decided by a flip of the coin.

The Erwin druggist, former State Senator and Representative, filed against State Senator L. M. Chaffin of Lillington, seeking reelection. Thomas decided he didn't want to go through a campaign and that flipping a coin was the easiest and fairest way to decide who should represent Harnett and Randolph counties in the next session. He spent an hour looking for Chaffin, his opponent with his offer to match him for the office. After awhile, he got tired of looking and withdrew anyway, leaving Chaffin unopposed.

Senator Chaffin, learning later that he has the nomination, expressed gratification, but asserted that he wouldn't have gambled his chances by a flip of a coin.

Notice To Haywood Voters
I am hereby calling your attention to some laws passed by Honorable Glenn Palmer in the General Assembly of North Carolina, sessions of 1943 and 1945, as follows:

- House Bill 594, Chapter 455 of the laws of 1943, entitled, "An act to fix the salary of the Assistant Clerk of the Court of Haywood County." In this bill the salary was fixed at \$100.00 per month, and it was approved that said salary "shall be paid by Haywood County out of the general fund of the said county." Prior to the time of the passage of this bill the salary of the assistant clerk was paid out of the fees collected in the Clerk's office. I am calling upon Mr. Palmer to explain to the tax payers of Haywood just why the Assistant Clerk's salary of \$1200 was shifted from payment-out-of-fee basis over on to the tax payers of Haywood?
- House Bill 800, Chapter 693, Laws of 1945, entitled, "An act to fix the salary of the Assistant Clerk of the Court of Haywood County." This act raised the said salary from \$100.00 per month to \$130.00. This bill provides that this increased salary "shall be paid out of the general fund of said county." I am demanding of Mr. Palmer an explanation as to why this bill was passed without previous notice to the people of Haywood?
- House Bill 799, Chapter 750, Laws of 1945, entitled, "An act to fix the salary of the Tax Collector for Haywood." This bill raised the salary of the tax collector up to \$2,500.00 per year. I call upon Mr. Palmer to explain just why he had this law passed and who it was that asked him to pass the law?
- House Bill 797, Chapter 749, entitled, "An act to fix the salary of the County Manager of Haywood County." This bill fixed the said salary at \$2,400.00. A raise of \$900.00 over the former salary of the chairman of the Board of County Commissioners. Now let Mr. Palmer come out with the facts and tell Haywood voters why he passed this law without letting the voters know about it, and at whose request the said bill was passed?

The passage of the four bills described herein above were matters of vital concern to the tax payers of Haywood. Their tax burden was materially increased thereby. These said salary increases were not made an issue in the pre-primary campaign nor in the campaign before the general election in November of last election year; they were not according to my information, discussed or approved by the County Democratic Executive Committee; and no notice as given through the local papers that said laws were to be introduced. They were introduced and passed during the closing days of the General Assembly too late to allow Haywood tax payers to oppose passage of the bills which were ratified March 13, 1945.

Let Mr. Palmer explain to the voters in Haywood why he passed these four bills increasing salaries without letting the said voters and tax payers of Haywood know about said bills. (adv.)
