

MAN SIDE OF LIFE

By FRANCES GILBERT FRAZIER

in peace. My word, Mother! You are anything in the world but Whistler-y!

You're the first in the morning to put out a house-wifely hand for the paper and the milk bottle still dripping its icy particles into the early morning sunlight.

And all the intervening hours it's the same merry-go-round of doing things. You stop just long enough to help some one mount his hobby horse, perhaps, but then you're off in a whiz of carousal music to do something else worth while.

But not for one single instant do you forget that you are a mother. That is dominant in every breathing moment of your twenty-four hour cycle.

You stop to offer a comforting shoulder for a very tired little girl to rest against for the moment necessary to restore her mental equilibrium.

But, Mother, the most wonderful thing you ever did was to give me the priceless gift of your idealized son . . . and all my life will be spent in giving thanks for this benefaction.

Your Daughter,

Father By Proxy

FORMER ARMY CAPTAIN Robert Eppler, 32, gets acquainted with his new 'son,' Tony, 11-months-old, who was brought to Los Angeles by friends.

It's time to clean up and clean out winter's accumulation of debris from all buildings.

Fire prevention specialists say inspect every building on the farm and make sure:

- 1. Trash, rubbish, waste paper, old clothing, feed bags, bedding and the like are removed and turned in for salvage. Fires originate in debris which likewise serves as tinder on any spark or carelessly tossed match. 2. Dust, cobwebs, shavings and other flammable materials, are cleaned away from fuse boxes, motors, and other electrical devices to avoid flash fires.

U. S. Marshal Covers 70,000 Miles in Year

SAN ANTONIO, Tex. — The Navy's slogan of "Join the Navy and See the World" has a contemporary among United States marshals.

That is, if most marshals get about as much as Deputy U. S. Marshal Houston Minor.

Minor's travels last year took him 70,000 miles and included a visit to 43 of the 48 states, ranging from the Atlantic to the Pacific and from Canada to the Gulf of Mexico.

His journeys, which carried him into every state but North and South Dakota, Montana, Vermont and New Hampshire, were not exactly tourists' delights, however.

Although the prisoners he was transferring usually spent the night in a bed of sorts, he often had to sleep in his car—and at one time he went 46 hours without food.

That happened when he was caught on the road on V-J Day, when roadside cafes joined in closing for celebrations.

Two 4-H Clubs Pay \$50 On Haywood Club Cabin

County Club Council Map Plans For Raising Additional Funds For Club Work

The Bethel 4-H club presented the Haywood 4-H club council with a \$50 check at the county meeting here last week, as their contribution to the 4-H club cabin fund for the erection of a county cabin on the State Test Farm.

The Bethel club was represented by Betty Jo Gorrell. At the county meeting 32 officers from the 12 clubs in the county were present, and heard encouraging reports on the 4-H club activities throughout the county.

Among the projects under way for the different clubs to raise money, included a play to be given by the Patton club.

The group voted to serve a banquet at the dairyman's banquet to be held here on June 4th, and to also serve food at the State Test Farm on June 9th when the Guernsey sale is held.

The council will meet again on May 16th to complete plans for putting on a banquet and food sale. Mary Poston, of Bethel, is president of the county council.
