workmen, pointing out that when there was a job to do, that North Carolinians could be counted on to do the work. Among the accomplishments on the home front, he said, was that every man and woman in service carried or wore something at all times made in North Carolina.

"Given the opportunity, North Carolina labor can do anything anyone on earth can do. North Carolina labor is competent and willing to work. We are proud of the labor record of North Carolina."

The audience gave the former governor a thunderous applause when he continued by saying, "Americans are bigger than any management group—even larger than any labor group—yes even John I. Lewis."

"All America must get back to the pioneer spirit, because there are too many content to live on government bounty. Down here in North Carolina we still believe in State's rights, and do not need interference from the nation's capitol."

Mr. Broughton cited the agricultural records of the state, but reminded that much yet should be done to improve conditions. He gave one instance on dairying, by pointing out, "The average consumption of milk in North Carolina is only 50 per cent of the national average, yet we import millions of gallons each year. North Carolina needs more dairying—we need more purebred bulls and less demagogues."

"If we are to continue to go forward, we must continue the educational program unabated. North Carolina knows education pays, and I feel the state will add medical care and hospital treatment," he said.

In reviewing the financial standing of the state, Mr. Broughton pointed out with pride, "This state is in the soundest financial condition of any of the 48."

"This record has been accomplished while we moved steadily forward. In 1933 went forward by adopting the 8-month school and in 1943 went to a 9 month system, 12 grades and increased teacher's salaries 20 per cent, and had a \$75,000,000 cash surplus when I went out of office," he said proudly.

"North Carolina's part in the day of tomorrow, is to provide ideals, traditions and purposes which the whole nation needs," he concluded.

L. E. Sims, president of the Chamber of Commerce, was master of ceremonies, and Charles Ray introduced Mr. Broughton.

Earlier in the program, Mrs. Henry MacFadyen sang two solos, accompanied by Mrs. Cornelia Nixon. William Medford introduced the guests.

The entertainment by the Champion Hill-Billies, under the direction of Mrs. Marie Bell, brought round after round of applause. The seven well-trained members of the chorus gave several skits during the course of their musical program. Members of the chorus included Virginia Randolph, featured soloist, Rhoda McClure, Wanda Coleman, Margaret Mease, Frances Sumner, Ardie Pless and Polly Murray.

The banquet was served by members of the Hazelwood Parent Teacher Association.
