

**Dr. Frank Pate
New Champion
Co. Physician**

Dr. J. Frank Pate, who served as assistant to Dr. F. M. Davis, plant physician for the Canton Division of The Champion Paper and Fibre Company for more than three years, was officially appointed plant physician on March 4, to succeed Dr. Davis, who resigned a few weeks ago.

The Log of Champion activities carried the following story in a recent issue:

Dr. Pate, a native of South Carolina, was educated at the University and Medical College of that state and served his internship at the Georgia Baptist Hospital, Atlanta.

He is a member of the Haywood County Medical Society, member of the North Carolina Medical Society and American Medical Association. Dr. Pate served as medical examiner for the Haywood County Selective Service Board Number 2 for five years. He is also chairman of the Canton Board of Health.

Dr. Pate has practiced medicine in Canton since 1931 and has many friends in Canton and throughout the county. Therefore, we feel sure he will have the full cooperation of Champion employees in his work as plant physician.

He will be at his office in our emergency hospital (First Aid) from 8:00 a. m. to 10:30 a. m. each day, except Sunday, and on emergency call at any time when needed.

Pvt. Bob Rogers Has Arrived In Naples

Private Bob Rogers, son of Mr. and Mrs. Taylor Rogers, of Clyde, Route 1, has arrived safely in Naples and has been assigned to the Btry B, 15th Oban, Bn., a unit of the Peninsular Base section, the army service force in Italy.

After arrival in Naples Fort, Pvt. Rogers was transported to the 7th Replacement Depot for processing according to army skill and civilian specialty. At the depot he was provided with bed and mattress, adequate blankets and post exchange supplies in buildings of the college area in Pagnoli. Within 36 hours he boarded coach trains to Leghorn. Enroute he stopped at Rome.

The Peninsular Base section has a record of uninterrupted service in this theater extending over three years. It has played a major part in the mounting of the Southern France invasion.

Pvt. Rogers entered the army on June 8, 1945, and took his training at Camp Wheeler, Ga., prior to being sent overseas.

ATHLETES FOOT ITCH NOT HARD TO KILL IN ONE HOUR.
If not pleased, your 35c back at any drug store. TE-OL, a STRONG fungicide, contains 90% alcohol. IT PENETRATES. Reaches MORE germs to KILL the Itch.

Back in Politics

A CANDIDATE of the Rightist Republican Liberal party in the Parliamentary elections, Gen. Henri H. Giraud, former commander-in-chief of the French forces, has returned to politics. The 67-year-old general, who lost out to Gen. De Gaulle as chief of the Free French in North Africa, seeks the Metz deputy's seat. (International)

Drinking Water Is Put On Sale In Atlanta Area

ATLANTA — Plain drinking water—to be more exact, tap water—is on sale here at 2 cents a glass, 5 cents a quart, or 20 cents a gallon—but not because of desert or drought conditions.

The Fulton County Health Department condemned wells at between 75 and 100 suburban homes. Scarcity of labor and materials prevented piping city water to the premises.

The West End Heights Woman's Club, with members at many of the homes, arose to the occasion. It obtained a county license and approval of the Office of Price Administration and set itself up to supply water to those without it.

The liquid is being dispensed from a front yard spigot at the home of a member, Mrs. W. W. Davis.

Hoover Says Food Must Go To Japs

TOKYO—Herbert Hoover, President Truman's special food envoy now on a world tour, said here that Japan must have food imports if the whole country is not to be put on rations little better than those given to Buchenwald and Belsen concentration camp inmates.

The situation in the Far East would be "greatly helped" if Russia would release to China and Korea part of the foodstuffs they secured in Manchuria, he said.

BRIDGEPORT BRAND THE AERASOL BOMB
MEANS DEATH TO HOUSEHOLD INSECT PESTS!
You've heard a lot about the quick killing action of aerosol on mosquitoes during the war. Now this powerful new bug killer is ready to go to work for you on household insect pests—flies, moths, mosquitoes, fleas, cockroaches, bedbugs, water bugs, and many others.
Non-inflammable, safe, clean and economical, this potent insecticide contains both DDT and PYRETHRUM, an extremely effective combination for insect-killing action. One Aer-a-sol Bomb is sufficient for 100 average-size rooms for flies and mosquitoes, and the insecticide goes on working after you use it.
