Former Waynesville Girl Will Wed Wilmington Man On Saturday, June 29

Mr. and Mrs. Gerald W. Colkitt, of Wilmington, have announced the engagement of their daughter, Miss Shirley Louise Colkitt, to Stanley Lee Blanton, Jr., son of Dr. and Mrs. Sankey Lee Blanton of Wilmington.

The marriage will take place on Saturday, June 29, at 4 o'clock in the afternoon at the First Baptist church in Wilmington with the father of the bride, Dr. Blanton, pronouncing the vows.

The bride-elect resided here for 13 years with her parents. Since moving to Wilmington four years ago she has completed her high school education at New Hanover high school, Wilmington, and is now finishing her sophomore year at Greensboro College, Greensboro. She has appeared in several "G. C. Players" productions while in Greensboro College and has recently become a member of the group.

Mr. Blanton was discharged from the army in March, having just returned from active duty overseas in the infantry for the past 18 months. Before his three years in the army he had attended Duke University and The Citadel. He is now employed by the Navy as an engineer at Camp Davis.

After September 1 the couple will be at home in Chapel Hill, where they both are planning to attend the University of North Carolina.

124 Attended Demonstration Of Frozen Foods

At the demonstration of preparation for foods for freezing given at the Farmers Federation here by Mrs. Mary Lee McAllister, food conservation and marketing specialist, State College, which was held on last Thursday there were 69 women and 11 men present.

In the afternoon at the demonstration given in Canton at the YMCA building, there were 47 women and five men present.

The highlights of freezing foods as pointed out by Mrs. McAllister included the following:

Freezing storage space is valuable, and so use it only for high quality meats, fruits and vegetables. Do not freeze and store excessively bulky products.

Place a variety of foods in your locker or home freezing unit. Avoid long storage of any items. Add new items as rapidly as storage space will permit.

If your locker plant or home unit has a quicker-freeze compartment use it. The temperature of this compartment should be held at 0 or below. The time required for freezing should not be longer than 6 to 8 hours. If food is not frozen in 6 or 8 hours, it is not quick frozen.

Do not place too much food in one package. The most suitable package contains the amount of any given product that will be

cooked at one time. Be sure that proper wrapping material or containers are used.

Label each package with the name of the product, date frozen and locker number. Then keep an inventory, this will give you a constant check on what you have stored.

Be skeptical of poorly constructed home units and locker plants. The locker room should be held at a uniform temperature. This temperature should not be higher than zero degrees Fahrenheit.

Mr. Daniels At Office As Usual On 84th Birthday

RALEIGH — Josephus Daniels, who believes that "work is man's greatest blessing" and who also believes in practicing what he preaches, celebrated his 84th birthday Saturday by working as usual.

Daniels, who was secretary of the navy for President Woodrow Wilson and ambassador to Mexico for President Franklin D. Roosevelt, is now working at his old job as editor and publisher of the News and Observer, one of the most successful and most influential newspapers in the South.

Travel Trailways of America

THE MEN who gave the name "Trailways" to this nationwide bus system, thought it to be a more romantic word than "Highways." America's highways, the finest in the world, are more than mere arteries of commerce. They're magic carpets that take you to and through the scenic wonderlands of the nation.

Whether you call them "trailways" or "highways" or just plain "roads" . . . they'll still beckon you on to romance and adventure. And Trailways buses are your low-cost comfortable, convenient way to really enjoy traveling scenic America. There's a friendly Trailways travel expert near you. Phone or see him before you plan your trip.

A message to VETERANS OF WORLD WAR II

FACTS ON YOUR RIGHTS IN BUYING SURPLUS PROPERTY

To improve veterans' priorities in the purchase of war surpluses, Congress has amended the Surplus Property Act. So that you as a veteran may have the facts direct, the War Assets Administration is taking this means to address you.

WAR ASSETS ADMINISTRATION WASHINGTON 25, D. C. May 3, 1946 TO ALL VETERANS OF WORLD WAR II: As a veteran you are anxious to get all the benefits you can from war surplus. It is our desire to give you every possible preference, under the law, in purchasing the items you want. By amendment to the Surplus Property Act of 1944, the War Assets Administrator has been authorized to reserve certain items for exclusive sale to you. They are listed below, but in fairness, we must tell you that quantities are not large, but demand is tremendous and you may not always be able to buy exactly what you want. Every veteran, however, will have the satisfaction of knowing that all items placed on the reserve or "set-aside" list are going to veterans like himself. Subject to availability, you may purchase these items for your personal use, as well as for your business, professional, or agricultural enterprise. You may be sure that only World War II veterans will be entitled to purchase them. The amended Act contains a second provision that further improves your buying position for your business, professional or agricultural enterprise. For items not included in this list, only Federal agencies buying for their own use may purchase ahead of you. This gives you, for business use, an advantage over State and local governments, tax-supported institutions, certified buyers except small business enterprises and all other potential buyers except Federal agencies. For a specified period after the Federal agencies have had an opportunity to purchase surplus, all available items which do not appear on the reserve list will be available to you to purchase for your own business. Under the amended Act you still must be certified to purchase war surplus, as thousands have done since the original Act was passed. The certification procedure has now been simplified, as explained at the right. The War Assets Administration will make every effort to see to it that you receive the benefits Congress intends you to have. Your patience and cooperation will aid in the difficult task we face in trying to satisfy the needs of every veteran who wants to buy surplus property. THE ADMINISTRATOR

What is set aside for you The property listed at right is reserved for exclusive sale to veterans of World War II. These are the items in greatest demand by veterans. Large quantities are not available. You may have to wait some time before purchases can be made. So many veterans may already be ahead of you that you may not be able to make your purchase. But you may be sure that only veterans will have the opportunity to buy "set-aside" items.
