18-Year-Olds To Register, But Not To Be Processed

The local draft board will continue to register all boys reaching the age of 18, according to a new ruling, but will discontinue all processing of both 18 and 19-year-old registrants.

At the time of registration each registrant will be furnished with a notice of classification which will bear the notation "Unclassified pursuant of Public Law No. 379."

All files and cover sheets of 18 and 19-year-old registrants will be returned to the local board of jurisdiction to be retained until further notice is given, it was learned this week from Miss Edna McCracken, clerk of the board.

ree this year there will be a special outdoor session of the Scoutmasters Training Course. This course will begin at 3 o'clock Friday afternoon and end immediately after lunch on Saturday.

This part of the Camporee program is under the direction of the Training Committee composed of W. P. Whitesides, M. H. Bowles, W. S. Edwards, W. P. Lawrence, Ben E. Colkitt and Wayne M. Smathers.

BACK TO THE COAL MINES IN PENNSYLVANIA

RESUMING COAL PRODUCTION under John L. Lewis' two-week strike truce, miners ride a coal trolley into one of the Pittsburgh Coal Company's mines at McDonald, Pa. Above the mine entrance, empty hopper cars await their cargo. A large number of miners stayed home in protest against loss of unemployment compensation, while contract negotiations were under way in Washington. (International Soundphoto)

Dynamite Eases Aching Back

The old "achin' back" from farm ditch digging has gone by the board since the introduction of dynamite as the quick blasting agent for farm drainage and stumping. The 80 farmers pictured above have just witnessed the dynamite blasting of a 400 foot ditch on the E. H. Garrison farm in Moore County. The ditch is four feet deep, eight feet across the top and has 45-degree sloping sides with no spoil bank.

Vienna Daily Ration Stretches To 'About One Good Breakfast'

LONDON—The Viennese's daily ration today, according to Brigadier R. H. R. Parmenter, the United Nations Relief and Rehabilitation Administration mission chief, is "about equal to a good breakfast." It includes 200 grams of bread (not quite one-half pound), a plate of dried peas, a little meat one day a week, a little dried egg, two cups of ersatz coffee with sugar once a week, very little fat to spread on the bread, and a little jam.

Mr. and Mrs. Rome Brown had as their guests last week, Miss Louise Jenkins and Miss Carol Gould, both of Johnson City, Tenn.

REP. ZEBULON WEAVER

Look At The True Picture

On May 16th Mr. Don S. Elias published in this newspaper a bitter attack on Zebulon Weaver, stating in a tone of indictment that Mr. Weaver has run for public office biennially since 1908.

Mr. Weaver first sought a place in Congress in 1916, when he was nominated by the Democratic Party and was elected.

Since 1916 the Democratic Party has honored him with its nomination each election year, and in each of these years

except 1928 he has been elected by the people of the District.

Mr. Weaver was elected over his Republican opponent in 1916 with a majority of 9 votes. In 1914 after the number of counties in the District had recently been cut from 13 to 10, he was elected over his Republican opponent with a majority of well over 20,000 votes.

Can it be questioned by any fair mind that such a record must bespeak the qualities of merit and loyalty and service? Mr. Weaver is a public servant of great value to Western North Carolina.

Assess at its true worth the meaningless mouthing that it is time for a change and vote for Zebulon Weaver for Congress on May 25th.
