

A. J. Hutchins Talks To Haywood Wildlife Club

With emphasis on the part that the individual plays in the conservation of wildlife as a leading factor, A. J. Hutchins, of Canton, addressed the members of the Haywood County Wildlife Club here on Tuesday evening at a meeting held at the court house, with Felix Stovall, president, presiding.

Mr. Hutchins stated that in order to have a true conservation of natural resources, an educational program was necessary in which each individual would be made to realize that the responsibility rests with him. More could be accomplished by this cooperation than all the controls inaugurated by the higher officials, he pointed out.

Others speaking briefly during the evening were J. W. Killian and John Smith.

Plans were made for a joint meeting of the Wayneville and Canton clubs, at which time a county-wide program will be worked out.

Starch Curtains The little extra time take to starch cotton curtains saves more work later in the next washing, for the dust is prevented from becoming embedded in the fibers and comes out more easily than from unstarched curtains.

Softball Gets Off To A Fine Start; A Fast Brand Of Ball Played

Fans Pleased With Type Ball Being Played In W. H. L. League This Season

The W.H.L. Softball League got off to a fine start here Monday night, with much enthusiasm being shown by the fans, as the players put on a fast brand of ball.

"We are pleased with the brand of ball that we have, and as the weather warms up, and the teams shift a few players, we should have a league equal to any in existence," said L. N. Davis, president of the league, yesterday.

Last night Unagusta was scheduled to meet the Veterans, and the Boosters were to play Pet Dairy.

Tonight the first game will be between the Lions and Tannery, while Dayton will meet the Youth Club for the night cap.

Monday night Unagusta will play the High School, and the Lions will play the Boosters.

Scores for the opening night were:

Unagusta 36, Lions 4, Tannery 6, Boosters 12.

Tuesday's scores were: Youth Club 4, High School 13, Pet Dairy 6, Dayton Rubber 7.

Many Women In First Event Of Season At Course

BY GERTRUDE RUSKIN

Things sort of got "hot up" around the Waynesville Country Club Inn when the women teed off for the 9 hole Kickers Tournament Wednesday morning in the first of a series of golf tournaments which the pro, Ray Raynor, has arranged for the women this summer.

The most consistent kickers in the Kickers tournament were Suzanne Rogers, Daytona Beach, who thought all the trees in the fairway should be cut down. Margaret Siebert, Mexico City, Mexico, kicked about the turf getting in the way of her club. Mrs. A. V. Lloyd, Miami, Florida, shot a good round, but complained of having a seven.

Mrs. Geo. Johnston, Seaside, New York, shot the best score she has had on the course this year, but kicked about playing against Mrs. Robert Seymour, Wellesley Hills, Mass., a swell shot maker. Mrs. Seymour shot such a good game that she shot herself right out of the tournament bracket of 35 and 45 and of course she kicked about not being able to draw for the prize, a pair of nylon hose.

The kickers tournament was a grand success and I wish I could have stopped long enough during the tournament to fill up on the wild strawberries growing in the ranch where my ball always seemed to stop.

Laura Mae Clousen, Waynesville, kicked about a few of her drives but her mother, with whom she was playing, didn't have anything to complain about, and why should she kick? Mrs. Clousen won the prize, a pair of nylon hose.

The Wilderners Hikers of Asheville, will hike to the top of Purchase Knob on Sunday, it was announced by the club president, Hugo Strongmiller.

The group will hike from Cove Creek Gap along a trail following the southeast boundary of the Park over the Catalochee Divide. The round-trip hiking is about 11 miles, on an easy ascent.

Champion Fibre Inaugurates A Retirement Plan

Salaried Employees, At Age Thirty, And Been With Company Five Years Covered

Logan G. Thomson, president of The Champion Paper and Fibre Company, announces the adoption of a retirement income plan for salaried employees of the company at Hamilton, Ohio, Canton, Houston, Texas, and Sandersville, Ga. Approximately 1,000 employees are eligible.

The plan became effective on April 23, and will be administered by The Equitable Life Insurance Society of the United States.

Any Champion salaried employee who has reached the age of 30, and has served the company for five years is eligible for the plan. New employees may become members upon completion of these qualifications. The company will be solely responsible for the purchase of past service retirement income, and payment for future service will be shared by company and employee.

The Retirement Income Plan makes provision for retirement of salaried Champion employees at age 65. It is possible, however, with company approval, for an employee to retire at reduced income within a period of ten years earlier, should he so select.

This new plan is part of Champion's employee insurance program. Already employees have been provided group life insurance, hospitalization and surgical benefits. The retirement income plan will further round out the company's insurance program for employees by making provision for a definite income upon retirement of Champion's salaried employees.

YEAR after YEAR

FROM the mountains to the Atlantic shore, North Carolina is a great state of great people. It is a state whose high level of civic consciousness has set the standard for a high level of business ethics.

In keeping with such a tradition the North Carolina Committee was formed seven years ago to maintain wholesome conditions in retail beer outlets.

The brewing industry's Self-Regulation program is designed not only to insure the sale of its product in keeping with public sentiment and with the high standards of the industry itself, but to protect beer's economic benefits to the public. Last year, in North Carolina, beer paid \$9,964,609 into the public treasuries.
