Dust Dogs

Dogs can be freed of fleas by light applications of a 10 percent DDT dust, but cats should not be treated with the new insecticide.

Adger House Opens Today For 1946 Season

The Adger House, popular summer guest house, will open today for the current summer season, according to H. W. Woodward, owner and general manager.

The house, which accommodates around forty guests has been completely redecorated on the interior and painted on the outside. There has been a large number of reservations made for the season, according to Mrs. Marguerite Briggs, manager of the dining room.

A number of outsiders will be taken for meals, it was learned from Mrs. Briggs, who stated that the management would like reservations, if possible, to be made ahead of time.

One of the largest crowds ever handled by the Adger House is expected this summer.
