

New Jersey Family Enjoys First Southern Vacation At Junaluska

Concluding a two weeks vacation at Lake Junaluska, Mr. and Mrs. L. S. Macfarland and two small daughters left last week for their home in Plainfield, New Jersey. Expressing pleasure over their first experience in the corn bread belt, Mr. Macfarland said: "We have enjoyed so much our two weeks in this lovely spot. Few, if any, places in this country rival Junaluska in physical beauty. The swimming has been grand and our girls praise highly the recreational program of the Ivey Playground under the direction of Miss Rebecca Patterson.

"We have particularly enjoyed the many friendly people we have met here. They have made us feel so welcome and at home. Truly, the phrase, 'Southern hospitality' is no idle myth.

"Many ask us why we came to spend our vacation in the South when there are so many fine vacation spots in the North. The answer is twofold. In the first place we had never been in this part of the country before and our family likes to visit new places. Secondly, spending a vacation in a different part of the country from your own is a broadening experience. One gets a fresh perspective and it keeps one from becoming too provincial. Our two daughters now realize that New York City and Newark are not the entire United States.

"Through our two weeks here we have come to know history better. We are more alive to its problems. It has been a grand educational experience."

Oddly enough, the Macfarlands are not Methodists. Mr. Macfarland is the son of a Congregational clergyman who was formerly general secretary of the Federal Council of Churches. His wife is the daughter of an Episcopal rector in Montclair, New Jersey, and they came to Lake Junaluska on the

Rev. F. J. Tait Assumes Duties At St. John's

The Rev. Francis J. Tait assumed duties this week as assistant pastor of St. John's church and instructor of religion and physical education at St. John's high school. He succeeds the Rev. Hugh P. Kennedy, who left last week for his new assignment as assistant pastor of Immaculate Conception church, Hendersonville.

Father Tait was born in Philadelphia. There he attended Ascension grammar school and Northeast Catholic high school. He majored in philosophy and holds a bachelor of arts degree from the University of Arkansas, Fayetteville, Ark. He took his four years of theology at St. John's Seminary, Little Rock, Ark.

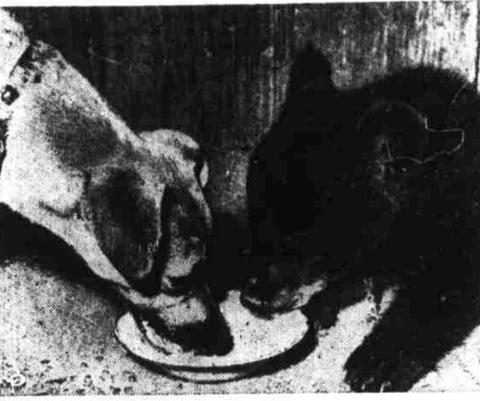

During the year Father Tait served as auxiliary chaplain to the airborne troops at Camp Mackall, Southern Pines. Since his ordination he has also served as assistant pastor of St. Anthony's church, Southern Pines, and as assistant pastor at St. Paul's church, New Bern.

TOWN POLICE ARREST NINE DURING WEEK

One man arrested for reckless driving was fined \$25.00 and costs in Mayor's court this week. Of six arrested for public drunkenness, four were fined and released upon payment of court costs. The other two and two who were arrested on the charge of driving drunk will be tried in court this (Friday) morning.

Recommendation of two Roman Catholic friends who spent a vacation here in 1941.

IT'S MORE THAN A DOG CAN BEAR

TIPPY, PET OF Mr. and Mrs. Ivan C. Winters, Los Angeles, Calif., enjoyed his dog's life until Teddy, a bear cub, joined them and made a habit of borrowing in on his bowl at chow time. Mrs. Winters adopted the cub after his mother was killed by a hunter in the Canadian forests. At that time, the baby bear weighed only one pound. Now he tips the scale at nine, and is still waiting thanks to Tippy's abuse. (International)

State Fertilizer Supply To Be Short Of Demand

RALEIGH.—The potash supply available to North Carolina farmers during the next fertilizer season may be slightly less than during the 1944-45 crop year, superphosphate is now running far short of demand, and nitrogen is expected to be placed under Government allocation soon to guarantee equity in distribution throughout the nation, according to J. W. Wizenan, chief of the Civilian Production Administration's Inorganics Branch, who spoke to agricultural leaders, farmers, and representatives of the fertilizer industry here recently at a conference called to consider fertilizer grades to be recommended for adoption at the next meeting of the State Board of Agriculture.

Declaring that the world supply of nitrogen is approximately 1,000,000 tons less than the need, Wizenan emphasized that the War Department is now laying plans to send larger quantities of nitrogen to countries under U. S. occupation forces. Total U. S. nitrogen supplies for fertilizer were estimated by Wizenan at 812,933 tons, or 475,000 tons above the average annual 1930-40 consumption and 13,000 tons more than the estimated requirements for the coming year.

He attributed the relative shortage of superphosphate to the unavailability of phosphate rock and sulphuric acid, adding that "Midwest newcomers" in the use of potash will absorb large quantities of increased production of this fertilizer material.

Assistant Agriculture Commissioner D. S. Coltrane presided at the meeting, which attracted around 100 representatives from various sections of North Carolina and Virginia.

Farm Tour

(Continued from page 1) while at Manteo to see the "Lost Colony," a famous pageant that portrays the first settlement by white colonists under Sir Walter Raleigh on the Carolina coast. The group also will meet several state and college officials when stopping at Raleigh.

Families may join the motor caravan either at the Court House in Waynesville at 7:00 a. m. or at the Chamber of Commerce in Canton at 7:30 on Tuesday morning. Details of the tour are as follows: Tuesday, Aug. 6—7:00 a. m., leave Waynesville; arrive 8:30 at Ed Mitchell Farm near Fletcher; 11:30, lunch and gas, inspect polled Herefords on J. E. Cansler Farm near Lincolnton; 3:30 p. m. arrive Coble's Dairy, Lexington, the largest milk producing plant in the South; 5:30, inspect horned Herefords at Guilford College; 8:00 p. m. arrive at Raleigh, spending night at State College.

Wednesday—8:00 a. m., leave Raleigh; 10:00 a. m., visit Upper Coastal Plain Experiment Station and J. T. Robbins Farm near Tarboro; 12:30 p. m. to 2:00 p. m., lunch and gas at Elizabeth City; 5:00 p. m. arrive at 4-H Camp near Manteo to spend night and see "Lost Colony."

Thursday—7:00 a. m., leave Manteo; 11:00 a. m. see Tidewater Experiment Station and Garnett's Winery near Plymouth; 12:30 lunch and gas at Washington; 3:00 p. m. visit dairy at Kinston; 6:00 p. m. arrive to spend night at White Lake.

Friday—8:00 a. m., leave White Lake; 10:00 a. m., visit Coker Seed company, Hartsville, S. C.; 1:00 p. m., lunch, gas, and visit dairy at Chester, S. C.; 4:30 p. m., visit Greenville, S. C. area; 6:00 p. m., Mt. Pisgah and 7:30 return to Waynesville.

Mrs. M. L. Richeson has as her guests her mother, Mrs. W. B. Evans and her niece, Miss Ethel Louise Evans, both of Pittston, Pa. It is safest to look twice to see whether it's opportunity or temptation. USE THE CLASSIFIED ADS

Shot For Treason

With ten of his 23 co-defendants, Gen. Draja Mihailovitch, former Chetnik leader, was found guilty of treason by a Yugoslav military court and died before firing squad. (International)

IDENTIFIED

Once when James Whitcomb Riley visited Mrs. Humphrey Ward he found the novelist deeply interested in the current craze—the ouija board.

"Is there anyone from whom you would like a message?" Mrs. Ward inquired. Remembering his favorite author, the Hoosier poet replied, "Yes, indeed, I'd like to hear from Charles Lamb."

He placed his hand on the little table as directed, and it began to move among the letters painted on the underlying board. But to Mrs. Ward's deep chagrin, it picked out a string of consonants from which no possible words could be guessed. Mrs. Ward apologized.

"Why, that's all right," replied Riley. "That's Lamb. He stutters, you know."

IT SEEMED RIGHT

Triumphantly the new bride placed an oval-shaped piece of covered pastry about 18 inches long and 6 inches wide, on the dinner table. "What is it?" her husband inquired. "Why darling, can't you see?—It's a pie." "Rather long for a pie, isn't it?" "Of course not, silly. It's rhubarb."

Succeeds Hillman

SECRETARY-TREASURER of the CIO Amalgamated Clothing Workers of America, Jacob S. Potofsky (above), 51, was named president of the union to succeed the late Sidney Hillman. Potofsky pledged himself to carry on Hillman's policies and to support CIO president Philip Murray. — (International)

Mr. and Mrs. Lawrence Deaver, of Canton, R. F. D. No. 2, announce the birth of a son on July, 22.

Mr. and Mrs. Crawford McMahan, of Fines Creek, announce the birth of a son on July, 23.

Mr. and Mrs. Williard Blankenship, of Canton, announce the birth of a daughter on July, 23.

Standing Deer To Give Archery Lessons To Reading Club

Standing Deer, well known Indian archer, of Cherokee, will be in charge of the Fourth Powwow session of the Cherokee Reading club, which is sponsored by the Haywood County Library for the summer vacation reading of the children of this area, according to Miss Johnston, county librarian. The Powwow will be held at 1:30 on Thursday afternoon, August 1, on the lawn of Mr. and Mrs. J. H. Way, Jr., on Main street. Standing Deer will give demonstrations and instructions in archery.

Vegetable Crop Looks Good This Year In State

RALEIGH.—The North Carolina truck crop report indicates there will be approximately 583,000 bushels of snap beans produced in Western North Carolina during the 1946 season. Clyde Willis of the Federal-State Crop Reporting Service reports. This is 89,000 bushels less than the crop of 1945 when 672,000 bushels were grown or 13 per cent more than this year. Acreage devoted to snap beans is estimated, stated Willis, at 5,300 acres less than the 5,600 harvested in 1945. However, production in the seven late summer producing states is five per cent larger than last year and 39 per cent above the 10-year average.

In the same report, according to Willis, Western North Carolina cabbage growers indicated on July 1 that during the late summer season this year only 3,400 acres of cabbage will be harvested for the freshmarket. This is 900 acres or 21 per cent less than the acreage harvested last year. Production

in this belt is estimated at 22,100 tons, as compared with 30,100 tons in 1945. Farmers growing cabbage in the eight late summer states indicate a total crop of 138,900 tons for 1946, which is 13 per cent less than 1945 production and 11 per cent below average.

Tar Heel pepper growers in 1946, reports the agency, from indications as of July 1, will harvest the largest crop of green peppers ever grown in North Carolina. Production is estimated at 612,000 bushels or almost double the 345,000 bushels harvested in 1945. The 10-year average is but 314,000 bushels.

This all-time high production is the result of a 20 per cent increase in the acreage over last year together with better yields per acre. Yields for this year are estimated at 170 bushels per acre, compared with only 115 bushels per acre last year.

Remember the mistake a fish makes when it opens its mouth at the wrong time. Some of these people who fall in love at first sight wish they had taken a second look.
