

### Army To Recall To Duty 1,125 Reserve Officers

The War Department has announced the increase in quotas, for recall to active duty, of 1,000 National Guard and Reserve Officers of all grades for service with the Civil Affairs Division, an additional 40 for service with the Intelligence Division, 35 for service with Foreign Liquidation Commission, and 50 additional for service with Finance Department.

This and previous authorizations make a total of 7,589 vacancies available to officers who have gone on inactive duty or terminal leave but who desire further active duty. War Department representatives indicated that this number may be increased in the near future.

Although the War Department is authorized to recall officers to active duty without their consent during the emergency, it is desired to fill these vacancies with volunteers. Accordingly, quotas have been established to meet the needs of each of the branches of service whose personnel problems have been made acute by the rapid demobilization of the Army.

Volunteers under this program may elect to serve for an unlimited length of time or for a 12, 18, or 24 month period.

### Five Tried In Hazelwood Court On Drunkenness

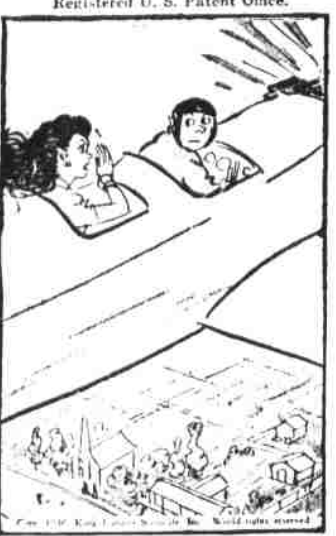

Five men were arrested during the past week-end by the Hazelwood policeman, all on the charge of public drunkenness.

When tried Monday in Mayor's Court, one person was sentenced to 60 days on the road and four were released upon payment of court costs.

### FISH BITS—BOY

RUTLAND, Vt.—Although Eugene W. Sheldon, Jr., 15, came home from fishing with a 29-inch rainbow trout, he told of another big one that got away. As he was removing the second fish from a hook, Eugene said the fish bit his fingers and leaped back into the pond.

### The Cherokees

This summer through our boys and girls reading club we have learned much of the history of the Cherokee Indians. Many of our readers have been interested in the excellent photographs showing the Reservation, which were loaned to us by Mr. Sam Gilliam, principal of the Cherokee School. Our adult borrowers are reading about Indians too and the rapid circulation of these books would outshine some of the Best Sellers.

What do you know of the Cherokee History? Its heroes?

Tsali (Charley) is one of the most cherished heroes of the Cherokees. It was Tsali who sacrificed his life so that the Cherokee refugees of the removal of 1838 might remain in the region of North Carolina.

Junaluska was chief of the tribe and was a great warrior, he fought in the battle of Horseshoe Bend in 1814.

John Ross in 1826 was made chief of the Cherokees. He spent much of his money helping the Cherokees in building schools, etc.

Sequoyah is celebrated as an illiterate genius who invented the Cherokee Alphabet. He was born in the Cherokee Village of Tuskegee Town in Tennessee near old Fort Loudon on the Tennessee River. He fought in the war of 1812 against the hostile Creek Indians. Late in life many honors came to Sequoyah for his name was given to the great trees of California.
