Budget Bureau Approves Road Improvement

RALEIGH — Highway Chairman A. H. Graham said that the Budget Bureau had given final approval to the $30,000,000 highway program proposed by Governor Cherry and the Legislature at Monday's session for paved rural roads.

The money has been appropriated by the Legislature and the Highway Commission. Graham added, and will be applied to additional projects as rapidly as materials, equipment and labor permit. All of the projects will be carried out by road crews of the various highway districts with the exception of a few school bus and school building approaches, Graham said.

Graham cautioned that the shortage of crushed stone and gravel may delay work on certain sections.
