It was emphasized that the loan program affords growers the opportunity of obtaining loans based on grades. If the tobacco under loan is sold above the loan rate, the farmer participates in any profit which may be realized.

The office staff of the county agents office have worked almost every night or three weeks, and even Wednesday night, burned their lights until a late hour, as details of the show were completed.

All phases of the show are covered in separate articles in this issue of The Mountaineer.

chance for success. However dope books are rarely followed in a Canton-Waynesville game.

As in the past nine years, the teams will meet twice this season, playing Thanksgiving Day at Canton. Records of the 24 years of rivalry show Waynesville ahead with 19 wins to Canton's 13, and one scoreless tie. In 19 meetings between teams coached by the present mentors, Poindexter is ahead with 10 wins, 8 losses, and one tie.

The fact that Ervin Shook, Waynesville's star quarterback, might be on the sideline due to injuries to two fingers, however, is seriously dimming the prospects of the Mountaineers. Shook has been out of scrimmage this week, but is willing to play if Coach Weatherby will let him.
