

# LOUISA'S LETTER

Dear Louisa:

There is a certain boy who I am pretty sure likes me and I like him very much but he went away for most of the summer and didn't even send me a post card. My friends have all told me to forget him but he gives the excuse he just doesn't like to write letters of any sort.

When he came home he acted just as he did before but he is constantly borrowing money from me and then not paying it back. I didn't mind that so much but now it is nearing the 5 dollar mark and he never makes a move to pay any of it back. He goes away and I don't see him for days on end, but when he does come around again he acts very much as if he likes me. I would like to know whether he is just using me or not and what I could do to find out.

Puzzled—Boston, Mass.

Answer:

It will be very simple to find out whether he is using you or not by stop lending him money.

Personally, I don't think that a person who goes away for the summer and who doesn't even send you a postcard, can like you very much and certainly no man who has any self respect would keep on borrowing money from you without repaying it. Such a person is irresponsible to be taken seriously and he will probably stop hanging around you if you refuse to lend him any more money.

LOUISA.

Dear Louisa:

This problem has been on my mind for quite a few months. I am a girl 16 years old. I am writing to a boy overseas and I realize I love him very much. My mother doesn't approve of me writing to him. I met him a few days before he went back to camp. He has been overseas about two months. I have dated other boys but I am not really happy when I am with them. I think about the other boy all of the time. I've written and told the boy not to write any more and he says he still loves me and will continue writing. I write him often but I have to slip around and send the letters. Will you please help me? He also wrote and asked me to wait for him.

Worried, Blue Eyes, Va.

Answer:

While I see no harm in your writing to this boy still I would be careful what I wrote. After all you saw him for such a short while that it is possible that you remember all the nice things about him and may not have had time or the occasion to find out things you would dislike.

Ask your mother to let you continue to write nice friendly letters but not any thing that would hand you to a bargain that you might not care to carry it.

When this boy comes home meet as friends and if, after a long enough period of time, you find that you really do love him, that will be soon enough to become engaged. You should know some-

## New Kaiser Being Shown Here Today

This is the new six-passenger 109-horsepower Kaiser car which is being shown here this week by Lyda Motor Company at the corner of Depot and Haywood streets.

### New Kaiser Car Is On Display At Lyda Motor Co.

(Continued From Page One)

new automobile by location of the rear seat well forward of the rear axle and wheel housings, so that all passengers are seated in the best riding positions. The advanced location of the rear seat provides greater space in the rear luggage compartment, and has made possible unobstructed width of seat cushions, 62 inches both front and rear.

Increased visibility has been provided by moving the front pillar posts back, increasing the angle of 70-square-inch windshield, and providing greater side vision for the driver. Exceptional rear vision is provided, too, by the 44-inch wide rear window.

Mechanical features include an all-steel body with safety glass throughout, and a rigid box-type frame, large self-centering brakes and extra wide wheel rims which provide steering safety and stabil-

ity on turns at high speeds. Longer-stroked shock absorbers have been incorporated into the chassis design for riding comfort and to enable the driver to maintain perfect control. Independent front wheel suspension is effected through helical springs, while semi-elliptic springs, rubber mounted with inserts between the leaves, are used in the rear.

Exterior door handles are of a new type which operate by gentle pressure on a "trigger" concealed in the inside curve of each handle. The handles are designed so that there are no open ends to catch in clothing.

Interior appointments are featured by push-button door latches, attractively designed instrument panel and deep cushion seats.

With an overall length of 203 inches, the Kaiser Special has a silhouette of only 64½ inches and is 72½ inches wide at its widest point. The front and rear tread are 58 and 60 inches, respectively, and the tire size, 15x6.50.

The engine, developed by Continental Motors in cooperation with Kaiser-Frazer engineers, is of L-head design and has a bore of 3 5/16 inches and stroke of 4 3/8 inches. Ideal for today's improved gasolines, the compression ratio is 7.3:1. Other power features include aluminum alloy

### Frau Goering Seeks To Return To Stage

MUNICH, Germany — Frau Goering, wife of Hermann Goering, now under sentence to hang for his part in the Nazi conspiracy, has applied to the United States Zone authorities for permission to resume her former profession as an actress. Her request has not yet been answered.

Frau Goering gives her reason that she is now entirely without means of support. Before her marriage to Goering in 1935, Frau Goering was Emmy Sonnemann, a well-known actress.

### SURVIVES STEAMROLLER

CHATTANOOGA, Tenn.—While he was working with a road construction company, the front wheel of a steamroller ran over the chest of John H. O'Rear. Taken to a hospital, O'Rear's chest was apparently pressed "as flat as a pancake" by the steamroller, but two hours later O'Rear was sitting up in bed, smoking a cigarette.

pistons, a forged counterweighted crankshaft with four main bearings, rubber engine mountings and automatic choke.

## Illumination so all may

As long as you can read the printed word, you can have the world before your eyes! Foreign diplomacy; fashions in Paris; the rebuilding of war's devastated lands. Politics in the USA; the latest society romance; Hollywood gossip. Housing right here; Mrs. Jones' new baby; what the stores have for you to buy. Read all, know all through the illuminating columns of your newspaper.

Looking for a job or offering one? Got a house to sell or want to buy? Interested in the stock market or stockyards? Read all about it!

Want to have the best of everything you can afford? Find it first in the ad columns of your newspaper; then enjoy it in your own home.

Your newspaper serves the community by enlightening its people. Read—and you know!
