

Stockholders F. A. Justice, Clyde or At Annual Meet

S. Green, W. A. Bradley, and Oral Yeats, all of Waynesville.

New members elected for the Canton warehouse are: Roy S. Haynes, Clyde; Dr. Roy Moore, Herschel Hipps, Fred Mann, and Pete Higgins, all of Canton. Committeemen who were reelected are: Charley Evans, W. F. Hipps, Mrs. H. G. Reno, Dave Sharp, O. B. Wilson, Virgil McClure, D. M. Clark, J. L. Westmoreland and Miss Florence Osburne, all of Canton.

James McClure Clarke, field secretary of the federation, opened the meeting and served as master of ceremonies.

Mr. Clarke spoke on the activities of the federation during the past year, pointing out that it was the sticking together and loyalty of members and customers that permitted the federation to make the progress it has made during this period. He pointed out that four new freezer-locker plants had been opened in Brevard, Marion, Spindale and Spruce Pine, that the Southeastern Artificial Breeding association had been formed, a new modern poultry processing plant had been put into operation, and that Skyline Dairies had been opened. In speaking of the Hatchery department, Mr. Clarke pointed out that the baby chicks hatched by the federation have the inherited ability to lay more than 250 eggs per year, as compared with the average of 60 eggs per hen.

In speaking of last year's operations, Mr. Clarke pointed out that the federation's business last year amounted to more than four million dollars, all of which he attributed to the loyalty of members in bringing their business to the federation branches.

Max M. Roberts, educational director of the federation, spoke briefly, inviting all guests to the general meeting of the organization in Asheville, March 27. He added that all who come to the meeting will be guests of the federation for lunch and will be taken on a tour of the Poultry department, Hatchery, Skyline Dairies and the Southeastern Breeding as-

in the Old North State as Dewey.

GOP CANDIDATE—Just what manner of man is this fellow George M. Pritchard whom the Republicans are running for Governor. Well, he practices law in Marshall, which is near Asheville. He is a former Congressman, winning out in 1928. He's a good man, but he just doesn't happen to be a Democrat. Think of the fine statesmen who have lived a forgotten man's life in this State merely because they called themselves Republicans!

Pritchard is a son of the late Jeter Pritchard, whom North Carolina sent to the U. S. Senate in the latter years of the past century. Republicans who came to Raleigh last Friday and Saturday firmly declared that George M. Pritchard "might be our next Governor, if you Democrats will continue your fussing and nominate Truman this summer."

Yes, hope does spring eternal in the Republican breast.

NOTES—Now that Lt. Gov. L. Y. (Stag) Ballentine has no opposition for Commissioner of Agriculture, he is expected to give some left-handed service to Kerr Scott.

It is said that some Charles Johnson supporters thought all day Saturday (last filing date) that they had been successful in persuading the present Agriculture Commissioner, D. S. Caltrane, to file against Ballentine.

Raleigh observers in Washington last week believe the Democrats will nominate Harry S. Truman again, feeling that, weak as he is, no other DEMOCRAT is as strong.

The anti-New Dealers in your State Capital . . . and there are more of them than you might think . . . are privately putting

sociation.

Wayne Corpening, farm agent for Haywood County was introduced and spoke briefly.

Guy M. Sales, general manager of the federation, spoke on the marketing services that have been developed during the year.

The Rev. Dumont Clarke, speaker next, telling of the Lord's Acre movement and how it is gradually spreading from Western North Carolina to cover the United States and even into foreign mission fields. Mr. Clarke mentioned many books written in recent months which mentioned the Lord's Acre movement, recommending it for rural churches. The movement is now creating a means for schools to cooperate in its program. The three divisions of the Religious department of the federation are: Scripture-Prayer, and Recreation, he said.

Mr. Clarke pointed out that a new scripture-prayer booklet containing 650 verses is now being used in the school systems of 17 Western North Carolina counties. The Lord's Acre movement, he said, is not specializing in Sunday worship; that is already taken care of. What we are specializing in, is daily worship and Christian work.

Baby chicks were awarded to Luther Sutton, Carl L. Shelton, Herbert Conard and Luce Leatherwood.

Music for the event was furnished by the Farmers Federation string band, led by Johnny Rhymer, and refreshments were served.

LOOK! NO HANDS ON THE TELEPHONE

A BOON to disabled veterans who cannot use their arms is the way Australians describe this new invention from Down Under. They say it enables the ordinary telephone user to sort papers and take notes without shifting the instrument or using a headset. A steel spring arm holds the receiver to the ear and can be adjusted for any position. A small arm on the dial unit switches on when the phone rings and off when the call is completed. The hand set remains fixed to the flexible arm.

Finds Cornet As Boy; Bandmaster Now

CHAMPAGNE, Ill. (AP)—Careers often hinge on mere chance. Take A. Austin Harding, director of the University of Illinois band. He is known, at 68, as the dean of college band masters. He turned to music as a lad when he found a cornet in his grandfather's barn.

The blame on the late FDR for the paucity of the strong men in the Democratic Party . . . They also feel that Roosevelt would have permitted the delegates at the National Democratic Convention to nominate Henry Wallace if the President had been a well known . . . in 1944.

If you remember, the Convention was on the verge of naming Wallace when it adjourned for the day . . . and that night the Missouri bus . . . and the city machine nuts pulled it to the front who was nominated the following day . . . Good question to ask yourself: Would the nation be in a worse condition better condition or about the same if Wallace had been named and were President now instead of the Missouri Wagoner?

CATCH FIRE—Kerr Scott's campaign slogan for the last week and reports reaching here had him running like a scared rabbit, 2) a wild mule, and 3) a forest fire. Within the past 19 days he has doubtless made more gains than all the other candidates combined. This he must continue to do, however, if he hopes to be in a second Primary with Charles Johnson, who has been running for Governor quite a while now. There can be no slack of any time in the Scott campaign. It is only about 60 days until Primary date . . . insufficient time for an average candidate to make much of a showing. Scott, stalwartly say, nevertheless, and they are doing plenty of talking now, that their man is above average, literally, since sincerity means what he says, and can make it. Time will tell.

NOTICE OF SUMMONS AND WARRANT OF ATTACHMENT In The Superior Court NORTH CAROLINA HAYWOOD COUNTY N. E. LANCASTER

A. G. PELLICER

The defendant in the above entitled action will take notice that on the 19th day of March, 1948, a summons was issued in said action by the Clerk of the Superior Court of Haywood County plaintiff claiming \$450.25 due him on contract. The said defendant will further take notice that he is required to appear at the office of the Clerk of the Superior Court of Haywood County at the Court House in Waynesville, North Carolina, within thirty days after the 12th day of April, 1948, and answer or demur to the Complaint in said action or the plaintiff will apply to the Court for the relief demanded in said Complaint. The defendant will also take notice that a Warrant of Attachment was issued by said Clerk of the Superior Court of Haywood County on the date of summons against the property of said defendant, which warrant is returnable before the said Court at the time and place above named for the return of the summons, when and where the defendant is required to appear and answer or demur to the Complaint or relief demanded will be granted.

This March 12, 1948.
DIXIE CAMPBELL,
Asst. Clerk Superior Court

and one interruption which lasted 22 years prolonged the construction.

Mills, who came to Washington in 1830, was appointed by Andrew Jackson to design the monument. His plan for the structure was selected from a competition conducted by the Washington National Monument Society.

Historians hereabouts say that the first Washington Monument erected in this country was built in a day—July 4, 1827—by the citizens of Boonsboro, Md. This was 28 years after General Washington's death, and patriotic groups everywhere were clamoring to erect memorials in his honor.

The Boonsboro monument was built of a local stone in an area overlooking the Maryland countryside, and inexpertly put together. It soon crumbled away.

A replica of the monument, which was hollow in the middle and resembled an old-fashioned bean pot, was built on the same site by the Civilian Conservation Corps and dedicated on July 4, 1936.

Baltimore claims the honor of having built the second Washington Monument in the United States. The cornerstone for its 204-foot square shaft in Mount Vernon Place was dedicated July 4, 1815, and the statue of Washington on top was placed in 1829.

The capital boasts another memorial to Washington in the form of an equestrian statue, erected in Washington Circle and dedicated Feb. 22, 1890. Clark Mills, sculptor, depicts Washing-

to the Country Club. This traffic light was very much needed, as it was intended to regulate traffic from the Hazelwood school entering the highway, as well as the heavy traffic to and from the Country Club area.

On several occasions, I have noticed motorists utterly ignoring this traffic light. My home in the community necessitates my passing the point several times daily, and I have an opportunity to observe what goes on. I would no more depend on the light for a right-of-way than I would attempt to fly.

Something should be done to correct this before serious accidents occur.

Sincerely yours,
Charles E. Miller.

Many Firemen Reduce Their Time On Duty

CHICAGO (AP)—Firemen are putting in less time now in 150 cities.

The International City Managers Association says working hours were cut in the last year. Many cities reduced duty time from 84 hours per week to 72. The forces in many others went on a 48-hour week. Two adopted a 40 hour, five day week.

It's Being Done at Willow Run!

Kaiser-Frazer Introduces Four New 1948 Models

- The 1948 KAISER
- The 1948 KAISER CUSTOM
- The 1948 FRAZER
- The 1948 FRAZER MANHATTAN

AT NO INCREASE IN PRICE!

While Other New Car Prices Are Advancing

HERE'S WHY Kaiser-Frazer can make this announcement while other new car prices spiral upward. Kaiser-Frazer controls its own supply of many basic raw materials . . . has its own engine plant, foundry and steel mill. Materials from these sources funnel into new and modern Willow Run—the largest automobile manufacturing plant in the world under one roof.

Unfinished steel goes in one end of this great plant and comes out a quality automobile, ready to be driven away. All this is accomplished in a matter of hours, and with the economy of Kaiser-Frazer straight-line production. This is an achievement of men who are injecting new methods and ideas into an old industry.

In the new 1948 Kaiser, Frazer, Kaiser Custom, and Frazer Manhattan you get all the features that others have attempted to copy since Kaiser-Frazer design was introduced in 1917.

So far no one has been able to more than approximate the graceful exterior body lines. No one has come near matching the roadability . . . the ride resulting from seats cradled between the front and rear wheels, such wide seats with both elbow and shoulder room. And none have the style features, the wide choice of colors and fabrics.

You get all this plus the many refinements made possible by years-ahead engineering and design. And, of course, all 1948 Kaiser or Frazer cars have the new Goodyear 24-pound pressure Super-Cushion tires that make bumps something you see but never feel.

Enjoy a ride today in America's newest new cars—the 1948 cars that have not gone up in price!

Wherever you drive, wherever you go, find the corner, down the street, there's a Kaiser-Frazer dealer ready to serve you with genuine factory parts and approved service.

We Invite You to SEE, DRIVE and COMPARE Them, Today!
