Did you say you liked poetry

Did you tell me you were interested in history? My but these books have been needed in our collection. "Conquest of Civilization" by Breasted "Great Rebearsal" by Carl Van Doren; "Modern and Contemporary European History and "Civilization in Europe" by Schapiro are some of the ones you'll find. A lad was in the other day wanting a book on the Freedom Train, I gave him Monaghan's 'Heritage of Freedom', being so proud of his interest in history when he oloked up and said, "This doesn't show much of the train, I wanted to make a model"

INVENTORY

Inventory is more than counting the books on the shelves and those out in circulation. It means checking books with the Shelf List. which is a file showing the books as they are arranged on the shelves. It means correcting errors It won't be easy for the Library has never had a complete inventory in all of its fifty-six years.

How can you help? First, take out all books you need to last over next week, Second, you may return books, but please don't ask us to stop to open the door. Just put your book in the Book Deposit Third, please don't 'phone, Unless we have your cooperation, it will be impossible to do this work within one week.

It is very important for us to have an inventory and we feel we will be able to give more efficient service after the records are ac

How Fast Is A Snail? Says Mile A Decade

PHILADELPHIA (UP) - Snail hunting is nothing new to 85-year- not old Dr. Henry A. Pillsbury, curator for of mollusks at the Academy of Natural Sciences here. His trips to far-off places usually net him from 10,000 to 20,000 specimens.

He has been hunting snails and other lowly members of the animal kingdom for 60 years and now is in Lima, Peru, on another quest.

Dr. Pillsbury, who estimates a snail's pace is about one mile a ground that decade, says Hawaii is the best per continue place to study their activities. But he has visited many countries on his snail hunts and this is his second trip to Peru.
