Maureen Has No Liking For Fights

HOLLYWOOD (UP)-Maurecz O Hara, as dainty a pugilist as you d hope to see, is doing the latest of the movies' hig fight scenes It's much against her will, though. She's not one of the fighting frish:

"I don't like to pick on people, And these cal fights the mild scare me. I got really hurt once Mars O'Hara has to beat up. Gloria Grahame for a scene in 1150 Radio's "The Long Denial" Her reluctance stemmed parity from the time she tangled with Lucille Ball in "Dance, Girl Dance,

The two redneads threw themserves into their work so spiritedly that Maureen was furthed onto the up of a nearby extra and both vest down together. The extra-s [6.6] in Manreen's stotmach

Cantrell and Mrs. Henry Lanning. State Education Unit Seeks **Opinons Of Citizens**

The North Carolina State Education Commission was authorized a.m. by the Legislature and appointed by the Governor to make a study of

all phases of education in the state as a means of determining problems and recommending improvements. As one aspect of the study which is now under way the Commission believes it would be helpful to. His Recipe For Painless obtain opinions and suggestions from representative citizens of the State. The blank printed below may be used for submitting your suggestions and comments in a brief form. Please do this now while you are thinking about the matter. It will take only a few minutes

of your time. The names of individuals who submit suggestions will B. Hall is giving up dental pracnot be made public.

> County Town

1. How good do you think the schools of North Carolina should be? fice and stubbornly refused an Among the best in the nation

About as good as the national average.

About the average for the Southern States (that is, be- not going to change now," the inlow the national average.

2. If you believe the schools should be at least equal to the average for the nation would you be willing to pay the taxes necessary to reach this goal?

3. What do you think about salaries now being paid teachers in North Carolina?

- -Should be raised considerably

4. For what purposes should school facilities be used?

- -For school purposes only
- -----For both school and community purposes during the regular school year only.
 - For both school and community purposes on a yearround basis as needed.

5. Which should receive more emphasis in the schools of North Carolina? (check none, one or more).

- -The fundamental skills (reading, writing, arithmetic and spelling): Education for citizenship.
- -Education for earning a living.
- ------The development and use of the resources of the state
- 6. In your opinion what are the two or three most serious weak
