best of opposite sex. The McElroy entry also took honors as possessing the best carriage. Judge for the Tryon bench show was Johnson Harris of Versailles, Ky., nationally known authority. "Dixie's" victory came in the face of the stiffest kind of competition. One of the dogs which she took in stride was Dr. H. M. Hayte's "Wolf Hill Melody," the hound that was adjudged the second best in the nation in 1947. There were six state champions among the different classes. Oldtimer conceded it to be the stiffest show ever staged in the South, and that hounds were fortunate to place as low as 10th.

Othr Haywood hounds that made a favorable showing at Tryon were "Pigeon River Judge," owned by C. T. Ferguson of Crabtree, which placed third in male pups; "Sweetheart," owned by Algie Ratcliff, ninth in female puppies; "Merry Dell," owned by Tom Davis, 6th in derby females; and "Bessie Blackman," owned by Floyd Cook, 10th in all age females.

Hounds owned by local fox hunters took the lion's share of top honors at the annual Buncombe county bench show last week. There were over 150 fox hounds on the ground, along with an estimated 1,000 spectators and distinguished guests. B. P. Hawkins of Whitesburg, Tenn., made the judicial decisions.

In addition to "Dixie"—who as a pup was picked as best hound in Haywood county in 1946—taking the cup as best hound in the show and best all-age female, the title of best opposite sex was won by "Hoot Mon," owned by Tom Davis. The Davis hound also won the all-age male class.

Floyd Cook of Canton won first and second in females under one year class. "Rainbow Buster, Jr.," owned by Rufus Reeves, won second place in the under one year male class, and "Merry Dell," another Tom Davis entry, was first among derby females.

If all the oil wells drilled by U. S. oil companies in 1947 could have been placed end to end, they would have passed through the earth two and one-half times.

Parrot Answers Up As Court Witness

ELIZABETHTOWN, Tenn. (UP)—A four-year-old parrot was chief exhibit and unofficial star witness in a case heard by Judge W. R. Pearson.

The bird was involved in a suit filed by Raymond West against Robert L. Smith. West was trying to regain possession of it. West bought the parrot in Florida and turned it over to an Elizabethtown woman to keep for him. She apparently thought West had given her a present.

She turned it over to another woman, who gave it to Smith. During the parrot's court experience, it was questioned briefly in the manner of a witness. Asked its name, it replied: "Polly."

West was given custody of the bird by the court. And now, Smith is trying to buy the parrot. It seems he has become "attached" to it.

Grade A Stamp On Meat Doesn't Mean Much

WASHINGTON (UP)—Memo to housewives:

The Agriculture Department says you shouldn't pay any attention to the grade A stamp when you shop for meat. It will only confuse you.

The markings "Grade A" or "Grade AA" are not official grades, the department said. "Meat marked Grade A in one store may be of very different quality than that called Grade A in another store," an official said.

Federal inspectors don't use letters to grade meat. Officials said the most reliable shopping guide is the official grading system: prime, choice, good, commercial and utility.

lines would serve the close-in area. It would be necessary to install a main-line cable through Crabtree to carry the greater load of the larger area.

Cable, Mr. Smith states, is still in very short supply, and if ordered in the near future would not arrive before the last of this year. Thus construction of the phone line in the larger area could not be expected to start until next year. There would be less delay in the installation of a line in the smaller area.

However, he states that the situation appears very favorable in regards to accepting the larger project.
