Library Notes

By MARGARET JOHNSTON
County Librarian

There are several activities in which some volunteer help is needed from our local people.

1. In planning for our Vacation Reading Club we need to know the names of G.I.'s or others who would be good to talk with the boys and girls about the different countries. If you know of anyone who has been in or visited another country, please, let us know their name so they could be asked to talk. We are not ready to announce all details but we are interested in the names and kind of other countries, their customs, description of the country, their games, etc. If you have any articles of interest from another country, perhaps you might loan it to us for use. Right now we are only interested in finding out who is available for talks and what material you have available for our use. For the past two years many people have aided in making our Reading Club a success, and if our idea works this summer we will again need the adult interest and help.

2. We have some material for draperies. Some have been made for the children's room. Could you make a pair for us? Really they are very easy to do.

3. Magazines are needed for our regular Wednesday afternoon visits at the hospital. If you have recent magazines please leave them at the hospital or at the library.

Marguerite Russ Has Birthday Luncheon

Miss Marguerite Russ was hostess of a luncheon at the Towne House on last Saturday in celebration of her eleventh birthday anniversary. She was assisted in receiving by her mother, Mrs. W. Curtis Russ.

The luncheon table was centered with a two-tiered birthday cake which was decorated with icing forming trellises of climbing roses. An effective arrangement of pink toy birds extended from the cake to each end of the table. Hand-painted cards marked each place and wax figures containing juice were also used. Favors were lollipops and combination horn and balloon toys.

After the luncheon the group was entertained with comic movies. The guests were Misses Florrie Patrick, Juanita McDaniels, Carolyn Young, Shirley Bridges, Florence Ann Boxley, James Jane Roberson, Ann Williamson, Prevoost, Jackie Carwell, and Mary Moody; Ted Rogers, Bobby Lancaster, Neal Enley, Bill Crawford, Charles Bridges, Stuart Roberson, Johnny Edwards, and Buster Green.

Out-of-town guests were Mrs. H. M. Russ and Miss Claris Russ, grandmother and aunt of the hostesses.

Mrs. John Tittle and Mrs. Bill Winchester have returned from Detroit, Mich., where they spent the past week visiting relatives. They were accompanied home by Mrs. Winchester's mother, Mrs. Charles Whitner.

Mr. and Mrs. Richard Boone visited points of interest in Mississippi and Louisiana last week. They were accompanied by the latter's sister, Miss Billie Sue Francis.

The proof of the pudding is in the eating thereof

It is an old and well-known saying... a true one. And the proof of the value of adequate wiring in your home is in the benefits you get out of it.

Here is what it does for you. First of all it assures you that your electrical appliances will operate at their peak efficiency because they get enough electricity. And, it assures you that as you add new appliances in the years to come that they too will operate well when connected in your home. In short, adequate wiring assure you of the enjoyment of full use of your electric service for modern electrical living.

It is a good idea to be SURE about that wiring of yours. Have an electrician inspect it and if necessary install additional circuits and outlets. Do it soon.

Just Right For Daytime

Navy blue crepe frock.

By VERA WINSTON

THERE ARE some dresses that seem exactly right for any day and for any but formal occasions. Such a frock is this wearable model of navy silk crepe with a design of dainty pink bouquets. The bolero is a simulated effect and serves to minimize the waistline. The shoulders are gently flanged and the sleeves are flatteringly to the sometimes far-from-perfect upper arm. The skirt is gently flared.

Sentinels of Health
Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The art of living - life itself - is a constantly producing waste matter the kidneys must remove from the blood if good health is to endure.
When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes - feel tired, nervous, all worn out.
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisons - body waste - **Doan's Pills**. They have had more than forty years of public approval. Are endorsed by the country over. Invasions Doan's. Sold at all drug stores.
