plied for beneficial purposes, may open the door to great progress, not slam it on men's noses.

All of us should understand these forces within the atom, and their possibilities for good as well as for ill. If the people of this country make up their minds that we shall press forward vigorously in atomic research and development, we may confidently expect at least three majestic benefits.

We may expect new understanding of the causes of many diseases, and thereby new aid in lessening suffering and adding to the joy of living.

We may expect new knowledge of how plants and animals grow that will open the way to the greater food production that this world now so greatly needs.

We may expect in time that the great surges of energy created by releasing the forces within the nucleus of the atom will be turned into more mechanical power that will lighten the burden of drudgery and free men to develop the things of the mind and the spirit.

These are the promises of atomic energy. To make them real and living influences in the days of our lives and our children's lives, we must work for them. And we must have faith in them. Such a faith can grow only if the stifling myth that atomic energy is simply a military weapon gives way to knowledge.

For the strength of America is in the spirit of this nation, in the faiths we cherish.

We are people with a faith in each other—and when we lose that faith we are weak, however heavily we are armed. We are a people with a faith in reason, and a devotion to the unending pursuit of new knowledge; and when we lose that devotion we are not secure, however heavily armed. We are a people with a faith in God, with a deep sense of stewardship to our Creator, the Father of us all, and when that is no longer strong within us we are weak and we are lost, however heavily armed with weapons—even with atomic weapons—we may be.

8 To Graduate June 3 From St. John's School

Commencement Exercises Will Be Held In Auditorium of School

The Most Rev. Vincent S. Waters, D.D., Bishop of Raleigh, will present diplomas to the graduates of St. John's school at the commencement exercises in the school auditorium Thursday June 3, 8:00 p.m. The commencement address will be delivered by the Rev. C. is president of the Madison County Baseball League, and coach of the Hot Springs football and baseball teams.

The graduation program will be as follows: Academic procession from grammar school to auditorium.

Professional piano duet by Anne Mormino and Bette Hannah.

Introduction of speakers, Rev. J. Paul Byron, assistant pastor, St. John's church.

Invocation, Rev. Francis A. McCarthy, assistant pastor, Immaculate Conception church, Hendersonville.

Commencement address, Rev. Andrew V. Graves, S. J.

Presentation of graduates, Rev. A. F. Rohrbacher, Superintendent, St. John's school.

Awarding of Diplomas and honors. Most Rev. Vincent S. Waters, D. D., Bishop of Raleigh.

Benediction, Rev. Leo G. Doerflinger, pastor, St. Joan of Arc church, Asheville.

Recessional, piano duet by Anne Mormino and Bette Hannah.

The faculty members will wear caps and gowns designating their degrees. The high school graduates will have caps and gowns of blue with white tassels on the caps. The junior high girls will wear white dresses with contrasting corsages in their class colors.

High school graduates are Clarence Morrow, Dries Vandenberg, Donald Rhea, Gardner McCrary, Bill West, Grace Furtado, Barbara Ann Boyd, and Hatice Cole.

Junior high graduates are Judy Alexander, Don Fowler, Margaret Hardin, John Heinz, Annette King, Thomas Lane, and Mark Miller.

51 Killed In Highway Accidents During April

Traffic accidents claimed the lives of 51 persons in North Carolina during April—but this was a decrease of 19 percent over the same period of 1947, which had a death toll of 63.

The Motor Vehicle department said the report was favorable because of the larger number of cars on the road this year. A seven percent increase in motor registration has been observed, and an 11 percent increase in miles traveled during April of this year over April, 1947 has been recorded.

The April toll brought the 1948 total of traffic deaths to 4,683, with 191 persons killed and 2,955 injured. This is a 33 percent decrease in deaths over the same four-month period of 1947.

Most of the deaths in April were caused by vehicles overturning or running off the road—20 were killed in this manner and 134 injured. Nineteen lost their lives and 344 were hurt in collisions. Nine pedestrians were killed and 61 injured when struck by cars. Three persons lost their lives on bicycles, five were injured in animal-drawn vehicles, and 18 were injured in miscellaneous accidents.

Edward F. Gregory In Destroyer-Escort Unit

Edward F. Gregory, engineer, 3rd class, of Waynesville, is serving aboard the destroyer-escort Coolbaugh, which has visited New Orleans in a four-day break in operational training.

Gregory's ship was part of the largest force of combatant ships to enter this port since Admiral Farragut stormed in during the war between the states.

Gregory's ship was part of the largest force of combatant ships to enter this port since Admiral Farragut stormed in during the war between the states.

He estimates that during the course of a day he talks to more than 200 people in person, or by telephone.

Rotarians Hear Ward Report On Rio Convention

H. S. Ward, president-elect of the Waynesville Rotary Club, gave a detailed report of his recent trip to the international convention at Rio, and his visit to other points in South America.

Mr. Ward used a plane in making the complete trip and concluded his talk by saying, "The most beautiful sight I saw in the thousands of miles of travel, was the highway sign at Turnpike which read: 'Haywood County'."

He told of the highlights of the business session of the convention, and some unusual experiences in South American cities and their customs.

One of the most interesting was the fact that when there is a traffic accident, the drivers can jump out and leave the scene and in 24 hours report to police and no charges are preferred. Any person caught in a car involved in a wreck is arrested for the crime.

Even passengers in taxis are subject to arrest if they do not leave the scene immediately.

Mr. Ward will take office as president of the Waynesville club on July first.

NEW RESIDENTS IN WAYNESVILLE

Mr. and Mrs. Will Fahrion, formerly of Clearwater, Fla., have taken an apartment in the Cleveville Apartments, and will make this their permanent home.

Mr. and Mrs. Fahrion have been summer visitors here for some time, and when they decided to move from Florida their choice was Waynesville.

ITCH

Don't Suffer Another Minute. Are you bothered with itching of eczema, psoriasis, rashes, rough hands or face, athlete's foot, scabies, red-itching or other, eternally crossed skin troubles? Detectives Complete Safe-Cracking Job

DENVER (UP)—Looking at the litter surrounding the Morton & Peabody, Inc.'s safe early one morning, Denver detectives Fred Zarnow and John Toll figured out how the crackers had worked unobtrusively for about six hours.

The 750-pound safe had been removed from the shop and battered, beaten, cut, hacked and burned, but it remained closed. To add insult to injury, the yeggs had used the shop's own tools for the attempted job.

Finishing the safe-cracking job, Zarnow and Toll opened the safe, in the presence of the owner, in just 90 seconds.

DEATHS

MRS. WILEY W. McCLURE

Funeral services for Mrs. Wiley W. McClure, 40, of Candler, who died at the Haywood County hospital Friday after an eight-week illness, were held Sunday afternoon at the Rocky Branch Baptist church. Rev. Wade Thompson of Candler and Rev. Hyatt Generay of Hendersonville officiated. Burial was in the Buchanan cemetery.

Pallbearers were James Goodson, Fred Early, Dick Rimehart, Gilbert Davis, Claude Mills and Berry Norman.

Surviving are the husband; three daughters, Elsie, Mabel and Ono Lee McClure; and three sons, Wiley, George and Gaither McClure, all of the home; one brother, Humphrey Cunningham, of Raleigh; two sisters, Miss Bill Tolley, of Luther and Mrs. Roy Medford, of Canton.

Arrangements were under the direction of Crawford Funeral Home.

MRS. RONIE ZIMMERMAN AMOS

Funeral services for Mrs. Ronie Zimmerman Amos, 74, widow of the late H. D. Amos and native of Cherokee County, who died Thursday afternoon at the home of a son in West Asheville, were held Sunday afternoon from Peach Tree Baptist Church near Murphy. Rev. Thomas Trout and Rev. Luther Clark officiated.

Pallbearers were grandsons as follows: Claud Lee, Clyde, and La Rue Amos, P. C. Parker, Jr., and Charles Carroll. Granddaughters served as flower bearers.

Mrs. Amos was the daughter of the late S. M. and Loretta Harper Zimmerman.

Surviving are two daughters, Mrs. P. C. Parker of Blue Ridge, Ga., and Mrs. A. J. Carroll of Canton; six sons, Ed Amos of Asheville, A. H. Amos of Canton, Elbert Amos of Ypsilanti, Mich., C. M. Amos of Nashville, Fred and Frank Amos of Murphy; two sisters, Mrs. G. W. Coffey of Marietta, Ga., and Mrs. Laura Long of Haywoodville; 28 grandchildren and 15 great grandchildren.

Garrett Funeral Home was in charge of arrangements.

Indians In Wreck Are Said To Be Better

Two of the four Cherokee Indians injured when their truck crashed into a bus remain in the hospital at Cherokee, and their condition is said to be satisfactory. Two of the crash victims have already been released from the hospital.

ATHLETES FOOT GERM—KILL IT FOR 35c IN 1 HOUR

If not pleased, your money back. Ask any druggist for this STRONIS fungicide. TE-OIL. Made with 90 per cent alcohol, it PENETRATES. Reaches and kills more germs ON CONTACT. Today at Smith's Drug Store.

Sentinels of Health

Don't Neglect Them! Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The art of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide diseases. One may suffer nagging backache, tremor, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—feel tired, nervous, all worse out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Inasmuch as Doan's Pills are sold at all drug stores.
