Space Maker REFRIGERATORS

See them all! Make your choice!

Here's a complete line of the refrigerators most women want most.

Come in and see them. There's a model which will exactly fit your kitchen and your purse.

ONE-THIRD MORE SPACE!

Every one of these new General Electric Refrigerators gives you one-third more refrigerated food-storage space in the same kitchen floor space as previous models.

This General Electric Space Maker design is the greatest advance in G-E home refrigerators in 20 years—made possible by improvements in the famous G-E sealed-in refrigerating system.

The system has been made more compact to give you extra space—and it has been improved to freeze ice one-third faster and consume less electricity than the latest G-E prewar refrigerators.

When you buy a G-E, you buy dependability. More than 1,700,000 G-E Refrigerators have been in use ten years or longer.

Come in and pick out your new refrigerator.
