We have no choice but to SELL goods and get them out of the way of workmen who will be back on the job next week. We have several carloads of fixtures rolling in; we have to put down flooring in the new section of the store, and many things make it NECESSARY to move these goods. We have slashed prices to pre-war levels, and here are but a few of the prices available at our store. You'll agree that it has been several years since you saw such LOW PRICES.
