MORE ABOUT Babson's Report

(Continued from Page 1)

8. Retail price changes lag after wholesale price changes. This explains why we expect many retail prices to hold up for awhile after wholesale prices decline.

9. The total farm income for 1949 doubt will be less than that of 1948. Due to lower prices for wheat, corn, pork, poultry, eggs and certain dairy products. Farmers should divert more in 1949 get out of debt, putting surplus money into savings, and prepare for real trouble some day.

10. The supply of certain vegetables and fruits should increase during 1949. The price of these would fall off, barring some real bad insect or blight catastrophe.

11. Poultry and dairy product prices will increase in volume during 1949, prices averaging less than 1948 prices.

12. Farmers will continue to work for extension of subsidies. The 1949 Farm Budget could mean real disaster. A drought could mean disaster.

13. The Federal Budget will not be a deficit during 1949.

14. Federal taxes will not be raised during 1949 but there may be some adjustments to concentrate on capital and to ease the tax burden on wages.

15. We expect a slight attempt to raise taxes on some cities to help defray local state taxes or to pay local sales taxes.

16. The long-term capital stock of 25 1/2% will remain unchanged.

17. Retail trade will continue to be a good business in 1949.

18. There will be many work stoppages, but not many strikes. The 1949 labor market will be tight.

19. The price of wheat, corn, and other grains will be lower in 1949 than in 1948.

20. The price of pork, poultry, and eggs will be lower in 1949 than in 1948.

21. The price of dairy products will be lower in 1949 than in 1948.

22. The price of certain vegetables and fruits will be lower in 1949 than in 1948.

23. The price of certain vegetables and fruits will be lower in 1949 than in 1948.

24. The price of certain vegetables and fruits will be lower in 1949 than in 1948.

25. The price of certain vegetables and fruits will be lower in 1949 than in 1948.

MORE ABOUT Tennessee Road Driver's License

(Continued from Page 1)

been interested in the highway for many years ago. "I understand our road problem here in Tennessee is to build a highway about a mile and a half from Pigeon bridge to the state line. No bridge is to be built. Mr. Allen concluded the bill should become a law. The bill is to be introduced in the House of Representatives.

John Kinkle, secretary of the project in Tennessee, said: "This highway will mean one of the greatest things that has happened for us in many years."

R. W. Whitner, secretary of the Tennessee State Highway Department, said: "I think this is one of the most important roads that could be built. We cannot realize that just now, but it will be a big help to the state."
