LeFaine Service Station or Five Points Garage in Hazelwood, owned and operated by Tom Lee. F15-tf

Probe Torch Death

Police in Waltham, Mass., look for clues at the spot where the body of Mrs. Catherine Hix, 40, was found burned almost beyond recognition. The body was doused with cleaning fluid and set afire, after, the autopsy showed, she died of carbon monoxide poisoning. The District Attorney said he thought it was a murder case. (International Soundphoto)

Says TAX-SAVER SAM:

"You need not report Social Security benefits, accident or health insurance payments, proceeds of a life insurance policy paid on the death of the holder; pensions and other money received from the government by a war veteran, the veteran's family's pension, or dependency benefit allowances contributed by the government; nor do you have to report property received as a gift, bequest or inheritance. (But income derived from such property must be reported.)"

DOGS HARDER TO CATCH?
 CHARLEMONT, Mass. (UP)—This tiny town's police chief gets \$10 a year, which is \$5 less than the official dog catcher.

James Wolfe, the conqueror of Quebec, was made a brigadier general in the British Army at 31. A year later, when he was killed in battle, he was a major-general.

through it, or in a chest near a radiator — constant heat makes linen brittle.

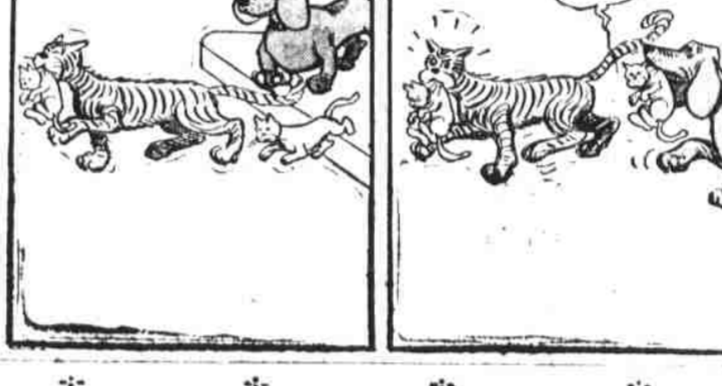

Cover your white linen with blue paper if it will be unused for some time. Storing linen in cedar chests or drawers yellows it. Don't store linen with disinfectants, medicines, cleaning fluids or polishes as they may contain chemicals that are injurious to your linen.

THE OLD HOME TOWN

CITY HELPS SOME
 HICKORY, N. C. (UP)—The city gave some help to a blood-bank program. It allowed the donors to use city parking meters free while they gave their blood.

MUGGS AND SKEETER

all persons having claims against said Estate to file the same with the undersigned at the offices of Morgan and Ward, Attorneys, Waynesville, N. C., on or before the eleventh day of February, 1950, or within 30 days thereafter, and answer or demur to the complaint of the plaintiff filed herein or the plaintiff will apply to the Court for the relief demanded in her complaint.

This the 3rd day of February, 1949.

State College Hints To Farm Homemakers

By Ruth Current
 State Home Demonstration Agent

Whether you iron by hand or have a modern ironer these are musts to keep your sheets and linen towels well-groomed.

First, sprinkle with clear warm water—it penetrates the fibers more evenly. Fold each piece separately until you iron. Dampened clothes should stand several hours before ironing—when the weather is cool and dry they can stand overnight, but when it's damp and hot, iron within a few hours to avoid mildew.

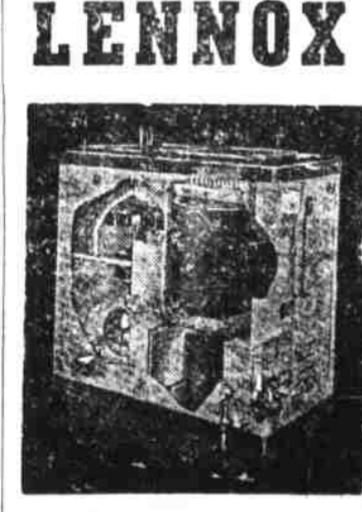

Light cottons need hot temperature; heavy cottons need a very hot temperature. Iron your cottons while damp; keep them straight and even and iron till dry. Be sure wrinkles are not ironed in sleeves; press towels, tablecloths, napkins, etc., by creasing off center, first to the right and then to the left. Do as much folding by hand as you can to save wear.

For pure linen use a very hot iron and iron while linen is damp. For embroidery or monograms, iron on the wrong side.

Pillow case advice—iron the closed end first.

Never iron terry towels or wash cloths as it flattens the loops making them less absorbant, and they feel stiff and harsh.

To avoid linen closet woes, put your household linen away properly. First of all, be sure it is completely dry thereby avoiding mildew which is caused by wet things remaining in a bag or a poorly ventilated room before drying. Never store it near a chimney flue, a closet with steam pipes running
