

The Waynesville Mountaineer

Are 'Cold' Public: Good As Otherwise

FOOD LIPS — In a town getting to be as cold here as strangers, the girls are happy except for the acting sissies. Joan Caulfield, Lynn Fontanne, Miss Mannered, in an interest-supposed to be about as hard as I'm going to the coast on tour with her hat and brush her hair out her flowers. The stage-door Johnnie good actress, and this is a good opportunity. Caulfield is also very interesting. She said, "The highest, most wonderful-looking in movies, sort of McGuffey or Betsy She's Wonderful. A wonderful person, an enthusiasm. Once she got carried off with her 'Who knows?' she may run into George. The day we did. And Betty her manuscript and Nathan to listen. 'The' she told him, 'takes' through. Caulfield's four starts just shows her part in 'Parasol' 'Dear Ruth' 'Partly' 'Richard Haydn's clever' going to be even funnier original, she said. 'The lines, not the story, the first one funny.' 'The situation and every-thing in 'Dear Wife'.' Caulfield hopes she, too, may see her just spent away from Hollywood about acting and comedy in summer stock.

"Paleface" At Strand

JANE RUSSELL whispers sweet nothings to Bob Hope as he eyes her six-gun apprehensively, in this scene from Paramount's gag-filled Technicolor western, "The Paleface". Starts at the Strand Theatre Sunday.

Interesting Facts About The Great Smoky Park

The following facts about the Great Smoky Mountains were compiled by Bill Sharpe, head of the State News Bureau, in Raleigh. These facts are answers to the most common questions asked about the Park. Perhaps this information would be worth filing.

Area 461,000 acres; divided between North Carolina and Tennessee.

Length, 54 miles, width 19 miles. Thirty-six consecutive miles over 5,000 feet high.

Sixteen peaks over 6,000 feet high.

Highest peak, Clingman's Dome, 6,642 feet.

The Smokies comprise the greatest mass of upland east of the Black Hills.

They contain the most extensive virgin red spruce and hardwood forests in America. About 200,000 acres of the land is in virgin timber.

A natural arboretum, the Smokies contain 130 species of native trees, 1,300 flowering plants, and over 3,600 plants of all kinds, more variety of plant life than any similar area in the American temperate zone.

Forests include giant chestnut, red maple, buckeye, cherry, silver-bell, hemlock, spruce, yellow birch, tulip, poplar, etc.

The pageant of wild flowers is unsurpassed. From early spring until late fall the display includes rhododendron, flame azaleas, laurel, etc.

Wildlife in the area includes deer, bear, many smaller furred animals. Over 200 kinds of birds have been identified. Hunting, trapping prohibited.

600 miles of trout streams open to fishing under park regulations.

The park contains 56.5 high standard highways, 70 miles of secondary roads.

Hiking trails and horse trails total over 600 miles. The Appalachian Trail follows the crest of the ridge and is standard width and grade, well-marked. It may be covered the entire distance in the Smokies by horseback, though with difficulty in western part.

Modern campgrounds at Smoke-mont, N. C., and Chimneys, Tenn. Other camp sites and outdoor facilities in the park for hiker and rider.

One wilderness area set aside for hiker and rider.

Other areas for foot travelers only, where wild flowers and wild life may be studied.

Call Him Mister

HAVING rid himself of his title, former Prince Girolamo Rospiolosi, Italian-born nobleman, leaves Federal Court in Washington with his wife as plain Mr. Rospiolosi after the hearing that gave him American citizenship. (International)

FRONTIER MADE MODERN

McALLEN, Tex. (UP) — The city's newest hotel, The Frontier, has suites equipped with bars. The lowest price of a bar-equipped living and bedroom combination is \$14.

Champion Paper And Fibre Income Hits \$2,622,696

The net income of The Champion Paper and Fibre Company and subsidiaries for the quarter ended December 31, 1948 amounted to \$2,622,696.61. After making provision for preferred dividends, this net income is equivalent to \$2.28 per common share. The net income for the previous quarter was \$3,136,342.25, or \$2.74 for the common share.

Appropriations of income during the current quarter amounted to \$130,000.00 for possible losses from

reevaluation of inventories, \$75,000.00 for possible extraordinary losses from abandonment of property, and \$600,000.00 for increased cost of property replacements. The amount remaining for transfer to the earned surplus account was \$7,797,696.61. During the previous quarter total appropriations amount to \$525,000.00 and the earned surplus account was \$2,611,342.25.

The policy of investing a large portion of its earnings in plant improvements and timber reserves is being continued by the company.

More than a million miles of barbed wire are said to have been used by the combatants in World War I.

Check To Be Made Of Beef And Dairy Cattle

The State Department of Agriculture will send a veterinarian to Waynesville early in March to make a thorough check of beef and dairy cattle in Haywood County to determine the extent of infection with Brucellosis or Bang's disease, a principal cause of bovine abortions, it was announced by Commissioner L. Y. Ballentine.

Arrangements for the brucellosis tests were made by Commissioner Ballentine at the request of Wayne A. Corpening, Haywood County Farm Agent, and George A. Brown, Jr., chairman of the county board of commissioners.

Corpening told the agriculture commissioner in a letter that he thought examination of all cattle in the county should be made as soon as possible in view of the discovery by a federal government veterinarian, Dr. L. M. Becton, of brucellosis infection in several herds.

While the situation is not thought to be serious enough to cause alarm, Commissioner Ballentine said, it is felt that a thorough check should be made before beef cattle herds are sent out to pasture.

Dr. R. R. Jeter, a former North Carolina veterinarian who has been working in Virginia for some years, will be assigned to make the Haywood County survey in cooperation with Dr. Becton. Dr. Jeter is expected to report to the North Carolina Department of Agriculture for work the second week in March, Commissioner Ballentine said, and he will be sent immediately to Waynesville.

"North Carolina," Commissioner Ballentine said, "is the only modified accredited Bang's-free state in the union. That means it has less than one per cent infection. The Department of Agriculture is determined to maintain this fine record."

All Comforts Of Home Built Into Trick Chair

CHICAGO (UP) — "An apartment without a roof" is what its manufacturers call a chair exhibited here at the annual midwinter furniture show.

The chair has built-in cases on both arms with concealed fluorescent lighting. A radio is built in the right arm. The ottoman has storage space for linens or liquors. An alternate ottoman has an automatic record player.

Pushing a concealed button will convert the chair into a bed and an electrical set in the back of the chair provides three outlets for plugging in electric blankets or lamps.

Come in and see the new **DE SOTO**

On display beginning Saturday March 5th

Let us show you all the new features of this great car

Here is what thoughtful people everywhere have been looking for and hoping for!

Here, at last, is a car that gives you all the best features of modern design without demanding sacrifices of your family's comfort, safety or convenience. It was designed to fit YOU... instead of you having to fit into it.

You don't have to wriggle into the new De Soto. You walk in... and you keep your hat on. The steering wheel doesn't hit your knees. There's more leg room for all passengers, front and back. And not only are the windows and windshields bigger, you can see out of them... because you're sitting on luxurious chair-high seats.

Yes, it's a thrill to look at. But you won't have to rebuild your garage to get it in. A deeded fender doesn't mean an expensive body job. And you can still change a tire, if you have to.

Ride? The smoothest you ever had. Drive? De Soto lets you drive without shifting. New features? Come in and see them all. No matter what car you thought you were going to buy, compare it with this brilliant new De Soto. Then decide.

Tune in "Hit and Jack" every Tuesday night, all CBS stations

DE SOTO FEATURES THAT MEAN MORE ENJOYMENT EVERY MILE

- ★ Tip-Toe Hydraulic Shift with Fluid Drive
- ★ New Feather-Light Steering
- ★ High Compression Powermaster Engine
- ★ New All-Weather Comfort System
- ★ Faster Getaway
- ★ New Ignition System
- ★ Longer Wheelbase with full "cradled ride"
- ★ Safeguard Hydraulic Brakes with new Cycle-bonded linings
- ★ Lubrite Treated Cylinder Walls
- ★ Safety Rim Wheels and Super Cushion Tires

DE SOTO LETS YOU DRIVE WITHOUT SHIFTING!
