The Right Approach

Wednesday morning a large number of bankers and professional agricultural workers from five counties will gather here and listen to leaders in the two fields discuss business trends of the day.

It is significant that bankers and farm leaders get together, as the old saying still applies, "As the farmer prospers, so prospers the nation."

These two groups have a large part in determining the general economic welfare of this nation. The problems of each group is of vital concern to the other. And for that reason, the leaders are being brought together to discuss their problems, and to hear reactions, and suggestions for the other side.

This newspaper feels that it is fitting that such conferences be held, and present problems be tackled from a practical standpoint, as well as on a down-to-earth basis.

There are but few national economic problems that can be solved by theory—they are solved more satisfactorily by those who have the experience, and the know-how.

No doubt the results of this conference here Wednesday will have a far-reaching effect on the economic trends in the fields of agriculture and banking, as well as business in general throughout the five counties that will be represented.

A Growing Denomination

Several months ago we carried a report in this newspaper of the substantial gain made by the Baptists in Haywood. Now comes a similar report covering the activities of all Southern Baptists. The report is just as encouraging as the Haywood record.

The almost 27,000 Baptist churches in the South had a gain of over 312,000 members by baptism in 1948, which passes the total membership now above the six million mark. Sunday School enrollment for the year went to 2,000,000 which now means more than four million are enrolled in that phase of the church work.

The Baptists also showed a substantial gain in gifts, with more than \$156,000,000 for all purposes, which is \$25,000,000 more than last year.

Such reports as these are hard facts for those who claim the world is getting worse.

Haywood Churches Are Active

The Friday edition of The Mountaineer carried two pages of church news of Haywood churches. This news was about the activities of churches in every section of the county, and their programs for the coming week.

In reading all the church news, we had a feeling that Haywood churches are far more active than a lot of people want to give them credit for being. We believe part of this feeling is due to the fact that too many churches have been keeping their activities too quiet—or in Biblical language, "Hiding their light under a bushel."

Among the many interesting items, was the fact that Burnette Cove Baptist church has bought a bus. This is another of several churches in the county that operate buses for the benefit of their congregation. We believe Long's Chapel owned a bus at one time, perhaps still do. Then we have seen a Fishersville Baptist church bus operating on Sundays. No doubt there are many others. Facts such as these should be made known to the public at large—it adds to the prestige of the churches, and the church program as a whole.

We are encouraged over the work and accomplishments of Haywood churches. We shall continue to contribute all the space in this newspaper necessary to carry their activities.

Worthy Of Appointment

We trust that Governor Scott will name Thomas W. Alexander to the Board of Conservation and Development. We feel that Mr. Alexander would be an asset to the State board, as well as to this area.

Not only is he in the tourist business, but being an expert in the timber business, he is well qualified for such a place on the board, both by experience, and ability to render real service.

It is our understanding that at present there is not a single member of the board representing the tourist business. This particular business has grown rapidly in North Carolina during the past few years, and since the Board is responsible for the advertising program and news bureau of the state, it seems logical that a person representing that particular field should be a member of the board.

We feel that Governor Scott would be happy in the years to come that he named Mr. Alexander to the place.

There's Music In The Air

On March 13, the Mars Hill Glee Club gave three performances in Haywood. Then came the North Carolina Little Symphony for two concerts, both of which were broadcast over WHCC.

On the following night the Community Concerts presented a pianist as the second in a series of musical programs. On the same night a large number of 4-H Club members gave a program at the Armory, most of it musical.

Last night 50 men of the Davidson Glee Club gave a concert.

Now that spring is here, the crickets are chirping, the frogs croaking, and birds are singing again.

There's music in the air—and those who will pause to listen, will find life happier.

We expect there are more women who would agree with the one who was heard to comment the other day: "I feel so much better, and look younger since I started giving more attention to my feet instead of my face."

They'll Do It Every Time

By Jimmy Hatlo

Looking Back Over The Years

15 YEARS AGO
Haywood State Prison Camp is now "home" of prisoners serving long term sentences.
Charles Russell, student at Wake Forest College, arrives to spend the Easter holidays.
Miss Alice Strimfield leaves for an extended visit to Birmingham, Ala.
Fire Department is called to home of L. M. Richeson when blaze is discovered in the basement.
10 YEARS AGO
Full time county manager is sought for Haywood.
T. J. Calley is re-appointed as county auditor.
Doris Grell and Jane Wylie win superior ratings in minor competitive festival of North Carolina Federation of Music Clubs.
The Waynesville Glee Squad (group entertains two troops from Canton at party).
Janet Abel, young daughter of Mrs. Mabul Brown Abel, has birthday party at home.
Junior-senior banquet is held at Fines Creek School, Miss Alida James is toastmaster.
5 YEARS AGO
Red Cross Chapter ships 144 army kits to embarkation port.
Miss Sara Louise Leatherwood assumes duties as a case worker with the Haywood County Welfare Department.
Lt. William McHard, U. S. Navy, is expected to arrive today from New York.
Representatives from 20 to 25 organizations and churches plan meeting to form a community council with the view of establishing a community-wide recreation center here.
James R. Boone is appointed squadron leader in the corps of cadets at Army Air Forces Pre-Flight School at Maxwell Field, Ala.

VOICE OF THE PEOPLE

Would you approve of a small charge for use of the city park as a means of getting funds for its improvement and upkeep?
Mrs. H. G. Stone—"Not for general admittance, but I think a nominal charge could be made when the grill was used, or when the lights were used at night. And a charge for the use of the tennis courts."
Mrs. W. D. Ray—"I believe that some other means of financing should be provided other than from an entrance fee."
A. D. Harrison—"It could hardly be called a public park if there is a charge. But there could be a nominal charge for tennis court, anything that entails additional cost to the park."
Joe Jack Atkins—"It certainly will not be nearly as popular if there are charges for the use of the park, except for special sports, etc."
Hugh Leatherwood—"If the city owns the park, it seems as though entrance fees would not be necessary. I have not really heard enough about the plans to give a comprehensive opinion."
Kate Phillips—"There should be some means provided for the upkeep and maintenance of the park for it is an excellent idea to have a place of this sort for the community."
William Fabrian—"Being a fairly new resident here, I feel a hesitancy about giving an opinion but I can say this: none of the parks in Florida have any charge for enjoying the pleasures of the parks. But I can see where a reasonable charge for certain privileges would be in order."

UNCLE ABE'S LETTER

Dear Editor, I reckon you ain't used you wanted a balnet up paper, an' seen as how a few readers have said they liked a little poetry along, I've put the finishing touches on some verses I stashed over awhile back, an' am sendin' 'em in. An' if this makes any one sick like the chicken sickness made me an' Charlie Davis sick as a horse, why then I'll lay off a while. (Sighs) I'm a tryin' to take the lesson in this poem to myself.
An' then she went an' got her broom—
She tided up about the room,
Singin' "Jesus Lover O' My Soul,"
An' "Let the Mighty Billows Roll."
The song unfold!
Then Bill said, "Sairy, it ain't no use—
Confound 'em backer, darn the pore!"
Call the children, start the clock comin' kiltin'!
I ain't was hime, but now I see—
Well, glory be!
THANK-YE, FOLKS!
"Will you make a book of 'Emo Shes' an' W. C. Allen folk, or lay 'em sorter thinkin' 'bout it, per se?"
I kep' up with ye while I was in Florida," said Hugh Shes, "an' you got over that 'nominal' app'ly."
And to Miss Ethel Buckham, Bonte E. Mrs. W. C. Medford and R. L. Lee, city, and Joe Willie, Canton, Miss Buckham sez she reads Uncle Abe first thing. In the family, Mr. Willie sez he has a little trouble with my spellin' sometimes (young em-cra-shun jst kaint spell), but sez he hol's rise on till he makes it out.
Well, I'll have out my Dickshunary for you an' Jim Parmer I o' these days.
An' votes tru-lee.
Uncle Abe.
Fossil Dog Found
BERKELEY, Cal. (UP)—A graduate student in paleontology at the University of California reports finding a new species of "fossil dog" which died about 7,000,000 years ago.

Rambling 'Round

-Bits Of Human Interest News Picked Up By -Of The Mountaineer Staff-

He was, at least, seventy and should have reached the years of discretion some time ago. His feet were a bit uncertain and his brain in the grip of "spiritual" inspiration, so the kindly patrolman thought the best place for the old gentleman was at home. But there was a lively difference of opinion on this and the errand one drew himself to the full extent of about five-feet-six and said in stentorian tones, "You let me be. I'm a grown man now and I know where I want to go."
Just watch a little dog coming down the street if his tail is held high, all is right with the world.
If there is any feeling on earth that will bring a fellow down to the nth degree of embarrassment, it is to be made up to some one and get of them with enthusiastic acclaim only to find that he/she is a total stranger.
Two men met as one was just coming out of the State Income Revenue office. "Well, did you get them?" asked the man. "No, they got me," said the other.
There is a large number of different opinions on the subject of "rambling 'round" for instance, a letter to a radio driver. "Can you quickly check up on people by telephone?" asked a man. "No, but you can't check up on people by telephone."
The mind and eye of a pitcher and catcher in baseball game.

Capital Letter

By EULA NIXON GREENWOOD
IS HE RIGHT?—Governor Scott is going to get those bond issues for road and schools before the people. Before adjourning, the Legislature is expected to clear the way for the people to decide, themselves, whether they want to spend an extra \$200,000,000 for roads and \$50,000,000 for school buildings.
The Governor has said all along the people want them, and he will wage a vigorous campaign for their adoption. If he can get these two projects across, his administration will likely be recorded as a success.
James R. Boone is appointed squadron leader in the corps of cadets at Army Air Forces Pre-Flight School at Maxwell Field, Ala.
S. Senator J. M. Broughton is expected to be elected Governor of North Carolina. J. M. Broughton was in Winston-Salem on a speech-making tour for himself and the Democratic Party.
A photographer there making a studio portrait of him inquired about an apparent drop in one of his eyes. To this, Broughton replied that he had suffered a slight stroke. Not even members of his family knew of this attack.
