COAL CARS STAY IDLE AS MINERS QUIT JOBS

WITH 437,000 COAL MINERS quitting their jobs for a two-week work stoppage in pits east of the Mississippi, coal cars like those shown above at Library, Pa., stand idle on sidings. Coal production in the U.S. was reduced to a relative trickle as the numers began the "memorial" holiday ordered by UMW President John L. Lewis in mourning for the men who died and were injured in the nation's coal mines during the past year. The holiday also served Lewis as a means of demonstrating his opposition to President Truman's appoint-(International Soundphota)

BIG PAYDAY With Gov. Kerr Scott waving a big stick over the heads of the budgeteers and the State paymasters, it now seems certain that all State employees, including feachers, will receive outazed pay checks within the next two weeks. The big day for emplayees other than teachers will fall Friday, March 25, All these people will receive their regular pay, plus a 20 per cent increase for each month beginning last October I II they owe you money-as well they might for this increase has been due a long time-now is the time to see them.

In 1948 gas utilities sold about 3.400,000,000 thousand cubic feet ed gas to ultimate consumers

RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid name to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like or you are to have your money back.

CREOMULSION

During 1948 thousands of families who wanted the security provided by life insurance joined The Equitable

From every state in the Union-from big cities, from country towns, and from farms - The Equitable welcomed a host of new members last year, widening its family circle to a total of 4,150,000 men and women,

It is the thrifty action and self-reliance of this huge family handed together for mutual protection that makes possible the record of accomplishment which The Equitable brings to you in this annual report.

Of the \$307,600,000 disbursed last year to policyholders and beneficiaries, \$70,086,000 was paid out as dividends; and \$108,500,000 was paid in death benefits. Payments to living policyholders were approximately 65 per cent of all disbursements to The Equitable Family during the yearindicating a continuing trend of utilizing life insurance as a means of providing living as well as death benefits.

We have consistently done our best to preserve the funds and protect the interests of the members of The Society and their families in the realization of the fact that the best interests of the life insurance policyholders are concurrently the best interests of the people in general.

There are some current economic conditions for which we are not responsible, which we cannot control, but against which we have tried and will try to protect those who contribute so greatly to the public welfare by their voluntary provision for the members of their families:

We shall be glad to send you a copy of the President's Report to the Board of Directors for the year 1948. This report gives the full details of The Society's finances, the main features of which are outlined below, and is available on request either to the home office or your nearest Equitable representative.
