pected to see action in the games this week-end are Bob Pitts, outfielder, Ken Troutman, third baseman, Ray Whitner, reserve catcher from last season, and Jack Annons and Jack Case, pitchers. Newcomers that have been looking good in drills include "Satch" McClure, catcher, who has shown a powerful arm from behind the plate, Louis Richie, a smooth fielding second baseman and Jim Brackett, speedy flycatcher, who has looked good both in the field and at the plate, and who is making a strong bid for the left field spot.

Manager Dudley stated that the biggest problem facing him was the filling of the shortstop and second base positions unless several of last year's players can arrange their working schedule to enable them to turn out for the team.

With two weeks remaining before the opening of the 1949 season, the team has been running through daily drills, weather permitting, and the fans should get some idea of the kind of team that the locals will field this season when they tangle with the Canton Figgins Saturday at the High School.

The Canton team is being managed by C. C. Poindester and have returned to the Industrial League after dropping out last year when the Champion YMCA withdrew from baseball. The team is being sponsored this year by the Canton merchants and the players are all playing because they showed enough interest to go ahead and field a team last season, despite the fact that they had only the backing of the merchants. The team this year is expected to move right into the thick of the fight with Hazelwood and give Haywood county two fighting members in the league.

**AMERICAN TRAGEDY**

JOHNSTOWN, Pa., UP—Police Chief Charles R. Griffith refused Frank Grunza a permit to carry his newly purchased revolver but told him the weapon could be kept at his home. Three hours later Griffith was called to the Grunza home to investigate a suicide. He found the permit and the gun beside him.

The first use of the American flag occurred in a military ceremony on Aug. 2, 1777, the flag having been made from crude clothing found in a fort under siege by the British.

lead by topping the Mountaineers, 3 to 0 and the Dayton Rubber team defeated the Independents, 2 to 1, in a close match.

Wilson "Spider" Medford, of Ward's Esso, captured most of the honors in the individual running by turning in high series with a 350 set to out distance Wad Carswell, of the Independents, who turned in a 538 set.

Medford and Carswell also took high game honors of the week, with Medford coming out on top with a 215 to edge Carswell by two pins.

In the team play, the Dayton Rubber team captured high game with 966 pin fall.

The Ward's Esso team swept team series honors with a total pin fall of 2634 to nose out the Waynesville Bowling Center squad which had a pin fall of 2664.

The league will make a schedule change next week when the teams start rolling twice a week, on Tuesday and Friday nights. The change was necessary due to the closing of the alleys for reconstruction the early part of May.

The league standing are unknown at this time, but will be

Mayor Clyde Fisher of Hazelwood will be umpire, and Jonathan Woody, referee.

Among the donkeys who will take part in the contest are Dick Tracy, Mae West, Superman, Gipsy Rose Lee, Gravel Gertie, and Baby Sparkle.

During the first four chukkers, the players will ride to first, if they get a hit. But in the last two chukkers, if the batter gets a hit, he will have to pick up Sparkle, and carry her to first base. From there on he can mount a donkey and ride the rest of the way around, if the animal sees his way clear of course,

**Students Express Their Views On Winners In National Ball Games**

At their radio forum last week members of the Tally-Ho Club took a look into the crystal ball and came up with these forecasts of the major league pennant races.

**By Bobby Robinson**

In the National League, the Brooklyn Dodgers have a young hustling talented ball club and in my opinion will be the pennant winners. Running a close race for first place are the St. Louis Cardinals, always a dangerous club with a roster of old baseball heads such as Harry Brecher, Stan "the man musical" and Howard Pullet.

In the American, the Boston Red Sox and Cleveland Indians show a better chance of being the outstanding teams due to their ability on the mound, in the field, and at the plate. But the Red Sox are favored to win.

**By Roger Woodard**

The question of who will be the winner of the 1949 American League pennant is rather difficult. I think the Cleveland Indians have the better possibilities.

**By Jimmy Kuykendahl**

I have picked the Brooklyn Dodgers to win the pennant in the National League because of their heavy hitting and fine fielding.

Down in the American League it looks as if there is going to be a hard race for the pennant. But I have picked the Philadelphia Athletics, now in training in Havana, Cuba.

**By Jimmy Swift**

I think that the Boston Red Sox will win the American League pennant. The only thing that kept them from winning it last year was their pitching staff, and it was greatly improved when Dave Ferris got married last December. McCarthy says Ferris will be happy this season.

**By Boyce Brock**

The St. Louis Cardinals will win the National League pennant this year. Of course the Brooklyn Dodgers and the Boston Braves will be close opposition for the Cardinals, but I think that it takes power plus experience, all of

cut short by rolling twice a week. The new schedule, which calls for matches on Tuesday and Friday nights, was changed due to the closing of the Waynesville Bowling Center for the re-finishing of the alleys.

The new schedule will go into effect next week with the Tuesday night schedule calling for Dayton and Ward's to meet, Independents and WBC and the Cutsolers and the Mountaineers tangle.

The Friday night schedule lists Ward's vs. WBC, Dayton and the Mountaineers and the Cutsolers facing the Independents.
