Ramp Dispenser Uncle Doc Rogers Has Lived In Same House On Fines Creek For 93 Years

"My father bought this place and moved in here before the Civil War, when I was only six years old, and I've been living here ever

So said Uncle Doc (Adolphus) Rogers when we went to see him recently for the purpose of writing this sketch. In the old family Bible, now over one hundred years old, is this entry: "Adolphus H M. Rogers was born July 30, 1850 in the year of our Lord." So, come July 30, '49 Uncle Dock will, if still living, be 99 years old-the oldest person in Haywood county, or in this entire section, so far as the writer knows.

He lives with his son, Hugh and family, in the Wilkins Creek section of lower Fines Creek, where his father, Matthew Rogers, lived for many years. Elizabeth Lusk Rogers was his mother, she being sister of Col. Virge Lusk of Asheville. And Matthew Rogers was the son of Hugh Rogers, one of the earliest pioneers of Haywood county and a soldier of the American Revolution.

Mr. Rogers told us that his grandfather, Hugh, who lived to be about ninety, could then boast that he had one hundred and ten grandchildren by the Rogers name "which was," said Uncle Doc. C of C Drive the biggest generation around
