Marry Dickson from the Cardinals and Rookie Bill Werle bolster an aging pitching staff that should see Bob Chesnes blossom into a real star. Werle, southpaw sinker ball specialist, was the rave for San Francisco last year where he won 17 and lost 7, five of them being one-run defeats

Other Pirate pitching help should come from Hugh Casey, Brooklyn's 1917 World Series star who has regained his form, Bob Muncrief, obtained from Cleveland, and Cliff Chambers, ex-Cub southpaw. Veteran Catcher Clyde McCullough, a Cub since 1940, is another valuable addition to a Bue team that has the league's best right-handed home oun hitter in Ralph Kiner, In Bill Meyer the Pirates have the "manager of the year" of 1948, his freshman season.

Phillies Stronger

The Phillies, with an understanding manager in Eddie Sawyer, are picked to head the second division. Next to the Pirates, they have the most improved team in the league, Four valuable additions are the former Cubs. Bill Nicholson, Eddie Waitkus, Hank Borowy and Russ Meyers.

The New York Giarts, fifth last year, are dropped to sixth. As Leo Durocher prepares for his first full year as Giant pilot, his only improvements have been the addition of pitchers Hank Behrman from Brooklyn and Sam Webb, 18game Jersey City winner, and outfielder Don Mueller who hit 358 in 36 games as a Giant late last

The Cubs and Cincinnati Reds will battle for seconth place, a repetition of 1948 who the Reds won the spot by half a game. The Cubs, it appears, got the worst of their deals with the Phillies for they lost two solid hitters in Nicholson and Waitkus. To fill the places of Borowy and Meyers they have Dutch Leonard and Monk Dubiel.

The Reds might drop to the cellar unless Ewell Blackwell can footed Negro sophomore, and Dale was hington but it is doubtful it rightheder. They need intends the deals the Nats made will especially since there still is no little action. little action.
