# Notice To The Residents of Allens Creek Section

A large number of you recently signed petitions stating that you would like for your area to become a part of the Town of Hazelwood. The Town of Hazelwood, through its Board of Aldermen, promised that if a majority of you wanted your area in the Town of Hazelwood would start annexation proceedings. It started these proceedings authorizing a survey. The survey has been made but before the area proposed to be annexed was returned to the Town of Hazelwood by the surveyor, the Board of Aldermen of the Town of Waynesville met in special session and hurriedly passed a proposed annexation ordinance to take in all the area that the Town of Hazelwood planned to take in and more too.

This confuses matters decidedly. The Town of Hazelwood feels that the people of this section should have some help with both its sewer and its water problems. The area was omitted from the incorporation of the Town of Waynesville when these limits were recently extended by the Legislature. We naturally felt that if Waynesville had let out one time it was no longer interested in attempting to help you with your problems. Therefore, we were offering our help as we had no other way to do.

We do not think it becoming or appropriate for two neighboring towns to engage in a fight for the annexation of adjoining territory under these circumstances, a free expression of the will of the people might not be secured. We are, therefore, suspending our proceedings until it is determined whether or not you want to join the Town of Waynesville.

The Town of Hazelwood, however, still stands ready to fulfill its promise, and if you do not decide to become a part of the Town of Waynesville our proceedings will be re-instated to determine whether or not you want to become a part of the Town of Hazelwood.

We in Hazelwood still believe in democracy and the free expression of the will of the people.

Respectfully submitted,

## TOWN OF HAZELWOOD
