Hydraulic implement lift, power take-off, extra seats, fabric and metal cabs are available at extra cost.

'The 'Jeep' is handy for hauling on or off the road-its powerful 4wheel-drive traction takes it where ordinary vehicles cannot go.

LET US DEMONSTRATE THE NEW UNIVERSAL 'JEEP' ON YOUR FARM

There are no idle seasons with the Universal 'Jeep'. With 4-wheel-drive traction and pulling power, it is ready for work any day in the year and there is practically no limit to what you can do with it. The versatile 'Jeep' pulls a plow as readily as it carries a load of milk cans ... operates both hydraulic-lift and pulltype implements and can be used with almost any kind of tilling and harvesting equipment ... travels on or off the road with trailed loads up to 5,500 pounds. But best of all, the usefulness of the 'Jeep' is not confined to any single kind of work but includes the yeararound functions of tow truck, pick-up, tractor and mobile power unit.

MORE ABOUT Weill (Continued from Page 1) Many people look on America as rich, with plenty of food and other things to spare to send overseas.

They don't understand what high taxes we have to pay in order to do all this," he continued. Mr. Weill was praised by the

District Rotary meeting for his work on international affairs, and while in Europe this last time, he visited clubs, and bought food for people as a project of the Rotary club

In his talk here he cited a number of instances of favorable reaction to this work, and this was one step towards better international understanding and peace.

MORE ABOUT Noland

(Continued from Page 1)

There are a number of highways in Tennessee leading into the Park that have names.

Mr. Thrash, a well known man in this area, lives at Enka, but owns and operates Lakeside Lodge at Lake Junaluska in the summer. He is well known in Haywood, and has many friends throughout the county.

Mr. Trash will take the oath of office on Wednesday. Mr. Noland assumed the office

in January 1948, succeeding John Goode, of Asheville, who resigned.
