Paint-Matching Turns Up Oddities in Tastes

CHICAGO (U.P.)—William Stuart, president of a paint company, says some women have peculiar ideas about colors. Stuart's firm maintains "color bars" in many department stores. Here are some of the items women customers have brought in to be matched with the "proper paint":

- The fur of a dog (the woman had the dog under her arm). A tooth brush handle. A silk slip. A Confederate uniform from the Civil War. A jar of mustard (horseradish variety).

Sentinels of Health Don't Neglect Them! Nature designed the kidneys to do a marvelous job. Their task is to keep the blood clean. If for an excess of toxic impurities. The art of living—life itself—is consequently produced from matter the kidneys must remove from the blood if good health is to endure.

Lending System Devised For Aid to Cripples

SAVANNAH, Ga. (U.P.)—A "library" for cripples has been started by the Charles G. Edwards Post No. 604 of the Veterans of Foreign Wars.

The idea is to build up a stock of devices which enable crippled persons to get along by borrowing them when they cannot afford to buy them at high prices.

The first gifts include two wheelchairs, a pair of crutches and several other items useful to the lame. A police traffic sergeant, Robert Funk, came up with the idea. He said that all too often crippled persons need to borrow such gear until they can buy their own.

A defenseman has never won the Lady Byng trophy awarded to the National Hockey League player who combines "gentlemanly conduct" with ability.
