In order to get an accurate picture of the school situation, The Mountaineer sent a photographer to each grammar school in the county to get a picture of the sixth grades. It was felt that the sixth grade was typical of the average grade as to enrollment.

Pictured here on this page, and the facing page, are pictures of the sixth grades of 14 schools. There are four schools missing, where pictures were not had, due to a mis-understanding—Crabtree, Fines Creek, Mt. Sterling and Clyde.

There are enrolled this year in the sixth grades of the county, 788 students. This is to be compared with the 233 graduates of Haywood schools who are receiving their diplomas this week and next.

Here are the enrollments of the sixth grades as given out by the Haywood Board of Education:

Billy Duckett Wins In Editorial Contest At Hazelwood

The Editorial reflects a 12-year-old boy's concept of the ideal of honesty and its values.

It was written by Billy Duckett of Hazelwood, and won the Hazelwood School room sixth grade "Honesty" editorial contest.

His teacher was Lawrence Leatherwood, who is also the school principal.

Billy is the son of Charles Herman Duckett.

His winning editorial follows:

Do You Belong?

By BILLY DUCKETT

Do you belong to our school? We are studying honesty.

We are taught that honesty is the best policy. One can attain greater esteem and more friends through honesty than money will buy.

An honest man can get credit for things he needs, and is always respected by his fellowship.

An honest man will always do an honest day's work, and can easily get a job. If everybody were honest in their work, there would be no need for prisons, reform schools and courts.

An honest man can have the satisfaction of knowing he has never defrauded other people nor caused anybody trouble.

So still we say, "Honesty is the best policy."
