### P-TA At Maggie Hear Road And School Bond Plea

Waywood County Schools Superintendent Jack Messer urged members of the Maggie Parent-Teachers Association Monday night to support the proposed road and school bond issues in the June 4 election.

He addressed 50 members at a special meeting that had been called at the school.

The county school official said the issues were linked, considering the fact that the improvement of rural roads would also benefit the county's school bus system.

Mr. Messer assured his audience that citizens would not be voting to tax themselves if they voted in favor of the state bond issues.

"The money will come from state sales taxes, beer and wine taxes, and similar revenues," he explained, "not from any new tax on real estate."

Referring to Maggie School's specific building problems, he said the school would get its share if the bond issue is approved.

He added that, regardless of whether the bond issue gets a favorable vote or not, some improvements, such as painting, would be made at Maggie School.

Mr. Messer also told the P-TA that he would look into the possibility of getting an extra school bus for transporting Maggie pupils.

At present, two buses are on this run, carrying both elementary and high school students. Mrs. C. L. White, P-TA president, pointed out that under present conditions, pupils have to stay on the school grounds several hours longer than regular class work warrants because of the present state of the bus service.

Mr. Messer, in his appeal for support of the bond issues, pointed out that the needs in other sections of the county are as acute as those at Maggie.

He explained that the money from the bond issues would be distributed evenly.

If brown sugar is used instead of white in a soft custard it gives a delicious flavor change. Such a custard sauce may be served over sliced bananas with a topping of freshly grated coconut. Add a dab of currant or guava jelly for a touch of color.

Balinese women have many rights when they are married. They manage households and family finances, own wardrobes, jewelry, and utensils. Some have their own incomes from work outside the home. Men have title to houses, fields, implements and cattle, but prize victoriously fighting roosters next to their children.

### Masons, Ramp Officials Are Improving Black Camp Gap Field

The field at Black Camp Gap, site of the Masonic Marker and the annual Ramp Convention, is being beautified and improved.

Dr. J. R. McCracken of Waynesville, former Masonic official, said yesterday Haywood county's Masons and Ramp Convention officials are splitting the \$400 bill for leveling and planting grass on J. B. Boyd's field.

This week, a bulldozer started working on the field at the 4,000-foot high Gap.

When the work is done, Dr. McCracken said, there will be enough parking space to accommodate several hundred cars. There is room now for a little more than 50 vehicles.

Mr. Boyd leased part of his property on the edge of the National Park for the Masonic Marker and has loaned his field for the use of the annual Ramp Convention for the last 13 years.

Last April, some 6,000 persons from 24 states visited the Gap for the 18th annual Ramp Convention, while other visitors constantly travel to the field to see the marker and experience the beauty of the surrounding hills.
