Wise Advice for Graduates...

This week a record number of Haywood high school graduates have received their diplomas, thus marking an important era in their lives.

Since 1902 this institution has watched with pride, the graduation classes of Haywood county each spring. We are happy to count them among our customers down through the years.

Throughout the years, we have watched the graduates that started early in saving a part of each pay check. Those who made that thrifty habit are now those people who are financially independent, and free of financial cares.

Now, as you start out in the new step of your life, in preparation for college, we offer this timely bit of advice—save a part of each pay check—put it in a savings account in this bank. You will always be glad you did.
