

### Told Of Evils Communism By Heazel

Justice have vanished entirely and force alone remains. Lawful governments have been overthrown and patriotism has become the child of fear.

We see men who are as machines, whose lives, conduct and will are controlled and governed by the push button of the State. We see the regimentation of beliefs and the incarceration of personal liberty. We see chaos wrought by hate and absolutism.

In our own United States these destructive forces are being mobilized; and though they appear small in number, yet their work goes on with increasing results. Their propaganda reaches into every community. Materialism is finding its way into our schools; absolutist and atheistic theories are fast becoming best sellers in our literature the people are being made class conscious in a country where all men have equal rights; our theory of government is being attacked from every side; it is openly threatened with destruction.

Marching under a deceptive banner of progressiveness the disciples of atheistic communism are demonstrating an almost apostolic zeal to gain control of the government of the United States. They have had varying degrees of success in some of the departments of our federal government. They would now drive on to greater achievements at the ballot boxes.

Thomas Jefferson warned us that the people of a country are the only safe guardians of their own rights and the only instrument which can be used for their destruction.

The people of the United States and they alone shall determine if this shall continue to be 'God's Country.' It was officially dedicated as such when our forefathers determined to revolt against the tyranny of a despotic government and to seek freedom for themselves and posterity.

For centuries before the Declaration of Independence, governmental authority was generally recognized to be supreme and unlimited. But the founding fathers of this government proclaimed the revolutionary and startling principle that government should be a strictly protective agency.

These basic beliefs that have marked the path over which we have traveled in this new world are now under attack. One great European nation consciously and deliberately defies these beliefs and has induced other nations to join it in the effort to liquidate all men who may harbor them.

An artificial and soulless system has supplanted the natural and normal system of human relationship in Russia and those countries that have been overrun by the Red Army, and are now ruled by puppets of Moscow. The Communists in Russia and other lands realize that the world cannot exist peacefully half slave and half free—half Communist and half Capitalist—half totalitarian and half democratic. The people of the United States must be brought to this same conviction. We must surrender the illusion that there can be a common understanding between contradictory systems of

### STABBED DURING 'RECONCILIATION'

TOO YOUNG TO UNDERSTAND what has happened to her, little Linda Sue Atkins, 20 months old, lies in a Detroit hospital after she has been slashed by a knife. According to police, her father, Clifford Atkins, 30, stabbed the tot after an attempted reconciliation with his wife, Lillian, 20, had failed to come about. The wife, her sister, Dorothy, 17, and her mother, Mrs. Daisy Stockton, 60, were also slashed. (International)

### Record Number To Visit National Parks This Year

By JANE EADS (AP Newsfeatures)

WASHINGTON — Record millions of Americans will be themselves on vacation jaunts to their national parks and forests this year.

The National Park System estimates that more than 30,000,000 visits will be paid to its 174 areas, which cover 20,817,000 acres throughout the country. The Forest Service estimates that the recreational areas and facilities in the 151 national forests will receive more than 27,000,000 visits.

If one of the more widely known national parks is your destination, the National Park Service suggests you would be smart to make reservations for lodging well in advance or you may have to sleep in your car.

In most of the national parks hotel, lodge, housekeeping cabins, cafeterias, bus transportation, saddle horse and similar services are provided by concessionaires operating under contract with the government and under supervision of the park service.

Rates for accommodations in the national parks compare favorably with those charged at other resorts or in the vicinity. This year the National Park Service says motor transportation, saddle horse and lodging rates will not be much more than last year, with the main cost increase in meals.

In addition, free public camp grounds are operated by most parks. Visitors may bring their own equipment and camp there. Each camp ground has fireplace, table and benches on individual campsites.

However, if you are unconditioned to roughing it, hotel rooms are as low as \$5.50 a day American plan or as high as \$14.

As for the national forests, it has been a tradition to provide public recreation free, but this year small charges will be made for use of about 100 camp and picnic grounds carefully selected from the 4,500 total.

For camping, charges of 50 cents per day per car party of not more than six persons, or \$3 a week, will be made. For parties of more than six an additional 10 cents per day per person will be made for all

human relationship. "We may have a real hope that another war may be avoided if the people of the United States continue to demonstrate an abiding faith in the ideals that have made us a great and merciful nation and by their example point the way for the sorely stricken people of other nations to the re-establishment of their freedom on the foundation of inalienable God-given rights for God-made men."

### PUSH VACATIONS ON FARMS

NEW YORK, N. Y.—(AP)—An unusual plan for the coming summer months which will increase farm incomes and broaden understandings between urban and rural people has been presented by Grange organizations to members in 12 states from Maine to Virginia.

The plan encourages farmers who have two or more spare rooms to take in city vacationers on a paying basis, and thus develop a new type of resort business in rural areas.

The project was originated by William P. Wolfe, New York representative.

The compass needle points not to the North Pole but to the north magnetic pole of the earth, which is in northern Canada, near the Arctic Circle.

Picknicking charges are 25 cents to 50 cents per car party of not more than six persons per day. Five to ten cents extra will be asked for each extra person, but no charge will be made for children under 12.

### Library Notes

County Librarian MARGARET JOHNSTON

### "RECENT GIFT"

Just recently a copy of "Harnessing the Earthworm" by Thomas J. Barrett was sent to us by Dr. E. W. Gudger. The fly-leaf he has inscribed with a dedication in honor of the A. J. McCrackens as the First Farm Family.

The volume is filled with fascinating reading and with exact procedures for earthworm cultures and for use of earthworms in general farming and orcharding. Part I discusses "The Earthworm and Its Environment," including the earthworm in nature and in scientific literature. Part II presents "The Earthworm Under Control," revealing the methods which have enabled the author to turn a barren desert hillside into a luxurious paradise. There are good charts, photographs, diagrams, and working drawings.

Thomas J. Barrett was born in College Grove, Tenn., in 1884. Educated at Ruskin University, Northwestern Academy, American College of Osteopathic Medicine and Surgery, and Chicago College of Medicine and Surgery, he has been physician, printer, reporter, editor, soldier, and free lance news photographer in Canada, Mexico, and the United States. Trained for map reproduction in the field, he served through World War I with U. S. Engineers. In 1936 he began earthworm and soil-building research, establishing "Earthmaster Farms," Roscoe, Calif., as an experimental center.

Feature articles about "Earthmaster Farms," with pictures, have appeared in many leading newspapers and magazines throughout the world. He is the author of

### Paving the Way

FOREIGN Minister Raul Fernandes of Brazil arrives in New York from his native country en route to Washington. Fernandes came in advance of his chief, President Eurico Gaspar Dutra, who is scheduled to pay a state visit to President Truman in near future. (International)

Utah's Great Salt Lake, Utah Lake, and Sevier Lake are tiny remnants of an ancient ice-age inland sea which geologists call Lake Bonneville. It covered what is now western Utah, eastern Nevada, and southern Idaho.

"Unripe gold," Indians of the Andes highlands scornfully called platinum in the days of the Spanish Conquistadors. They threw the supposedly inferior metal back into the streams to ripen, says the National Geographic Society.

"Earthworms: Their Intensive Propagation and Use in Biological Soil-Building," "The Pruning Knife," and other scientific and popular writings.

### TELLS HOW WOMAN WAS JINX

LONDON—(AP)—She became known as the Femme Fatale of the bomber squadron. Dr. D. Stafford-Clark, wartime medical officer with the Royal Air Force, told her story in an article on "Flying Stress" in the Journal of Mental Science.

An attractive young officer in the Women's Auxiliary Air Force (WAAF) got dates with many of the fliers in the squadron. Then one day they stopped.

Two men she'd been out with had got killed on an operation. Others told her, "you're a jinx. You carry the kiss of death."

The doctor wrote: "One captain went so far as to forbid any member of his crew to take her out on pain of expulsion from the crew. There was no point in adding to the risk," he said.

### Haywood Sailors On

### Same Ship For Cruise

Two Haywood County men are making a six-months cruise in the Mediterranean as shipmates aboard the Aircraft Carrier Coral Sea.

They are Chief Navy Machinist Mate Dallas R. Clark of Waynesville and Seaman Charles R. Crawford of Hazelwood.

They reached Gibraltar on May 14 for a three-day visit, then continued to Augusta, Sicily.

Mr. Clark and his wife have their residence on Boundary Street.

Their ship will concentrate on fleet exercises during the cruise, and will make stops at European and North African ports.

The art of making openings in the skull—trepanning—was known to the ancients.

**NEW ESSO EXTRA MOTOR OIL!**

Gives you these 3 BIG EXTRAS  
Best for hard, hot Summer Driving

**1. EXTRA PROTECTION**

Get important extra engine protection with new Esso EXTRA Motor Oil...the amazing new premium oil that maintains its lubricating value under extremes of heat and cold better than any other motor oil! QUICK LUBRICATION of vital engine parts when starting...LONG-LASTING PROTECTION of fast-moving, hard-working engine parts on long, hot drives. Get Esso EXTRA Motor Oil now at your Esso Dealer's.

**2. EXTRA OIL ECONOMY**

For better all-round engine lubrication and lower oil consumption use new Esso EXTRA Motor Oil! Unequaled "High Viscosity Index" reduces "thinning out" — lasts longer at highest summer engine heat. For L-O-W oil consumption and L-O-N-G mileage—get Esso EXTRA Motor Oil!

**Esso EXTRA MOTOR OIL**

**3. EXTRA INGREDIENT ADDED**

Extra feature! Extra value! We've blended a special detergent into this new oil to fight harmful, power-robbing carbon and varnish deposits on engine parts. Helps keep engine running cleaner...smoother...at peak performance. For MORE engine power...with LESS wear and tear...change to new Esso EXTRA Motor Oil today!

HERE'S SOMETHING EXTRA FOR YOUR MONEY! CHANGE NOW TO NEW ESSO EXTRA... THE EXTRA VALUE PREMIUM MOTOR OIL!

GET YOUR CAR SET FOR THE TOUGH HOT WEATHER AHEAD!

Here's extra all-weather engine protection... new oil economy! Have your Esso Dealer drain and refill your crankcase with fresh, summer-grade NEW Esso Extra Motor Oil to help that hard-working engine beat the heat. For smooth, power-full "Happy Motoring"... fill 'er up with improved Esso Extra Gasoline!

ESSO STANDARD OIL COMPANY

Get Fast Gains and Top Quality Birds with **FUL-O-PEP BROILER MASH**

Thousands of successful broiler raisers are depending on vitamin-rich Ful-O-Pep Broiler Mash to give them fast, economical gains and full-meated, well-feathered, yellow-shanked birds. Ful-O-Pep Broiler Mash is fortified with special vitamin sources and provides choice proteins and organic-source minerals to help build big frames, sound bones and meaty birds. See us today for your supply of Ful-O-Pep Broiler Mash.
