POISONED

by constipation and not know it!

If you suffer from:

Headaches, Dizziness, Bad Breath,
Sour Stomach, Gas, Pimples,
Loss of appetite, Loss of sleep
because of constipation.

READ EVERY WORD...ACT NOW!

For millions of men and women, the above symptoms can be Nature's emergency warnings that the body is having difficulty in ridng itself of the intestinal wastes that must be eliminated ... regularly and completely. Many doctors feel that it is quite possible to become poisoned by faulty elimination. Clinical tests show that if you have faulty elimination, the wastes may be retained for days (the large intestine) where they can become purified and poisonous. The longer these wastes stay in your intestinal tract, the greater their degree of danger. Your tissues, after an amazingly short length of time, can become the victim of self-poisoning. Keep intestinal wastes moving out of your "Danger Zone" by using this new, safe, all natural method!

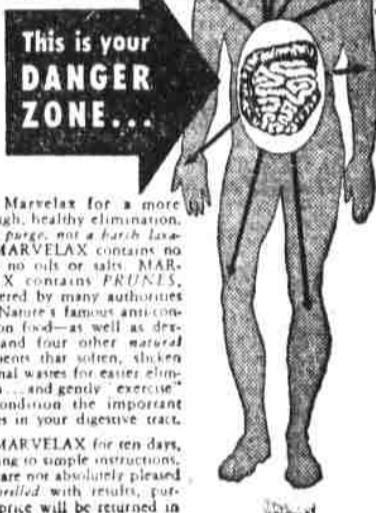

Take MARVELAX for a month through healthy elimination. *Not a purge, not a harsh laxative*. MARVELAX contains no drugs, no oils or salts. MARVELAX is a natural product, considered by many authorities to be Nature's famous anti-constipation food—as well as detergent and four other natural products which cleanse, clean intestinal wastes for easy elimination—and gently exercise and condition the important muscles in your digestive tract.

Take MARVELAX for ten days, according to simple instructions. If you are not absolutely pleased, *return the unused portion*, and price will be returned in full!
