

New Paint Job Fails To Make Crime Pay

WOODLAND, Cal. (UP)—The enterprising crime career of a pair of local youngsters came to an early end despite a neat professional touch.

The juvenile offenders, seven and eight years of age, admitted their fire engine was stolen from a local store but that the bright new paint job was their own addition.

Probation officers decided that the case called for woodshed discipline and turned the boys over to their parents.

PILOTS REAL HE-MEN

CHICAGO (UP)—United Air Lines says its average pilot is three inches taller, four pounds heavier, and has a greater chest expansion and better vision than other American men in the same age bracket on the basis of life insurance studies.

Home-Made Video Set Built for \$25

NEW ORLEANS (UP)—Herman Chatelaine, a 34-year-old taxi driver, has built a "poor man's television set" for \$25.

Chatelaine is a student at a radio school on the GI Bill of Rights. He bought a couple of television manuals, put up a bench in a corner of the kitchen and went to work.

He stripped down an old radio set he had bought for its chassis. He bought other parts he thought he might need in an Army-Navy surplus store. For the image tube, he picked up a cathode ray tube from an old radio set for \$2.50.

The first time he tried it, it worked.

It is wise when using an automatic iron to iron the lower temperature fabrics first. Electric experts say that the iron heats more rapidly than it cools.

Rice Water Beauty

ACRES OF WATER are needed for rice. Here Betty Ann Smith of Rayne, La., shows how deep it must be.

Lonely Widower Follows His Dog Pal in Death

CHICAGO (UP)—Richard A. Wagner, 78, found a widowers consolation in the company of his spaniel. Flag, who accompanied him on daily fishing trips to a breakwater.

Flag began to feel his 16 1/2 years. He grew weak and had to be chloroformed.

Wagner continued fishing alone but seemed dispirited, his cronies said. Two weeks later, he collapsed.

NOTICE OF SALE IN THE SUPERIOR COURT BEFORE THE CLERK NORTH CAROLINA, HAYWOOD COUNTY, HARRY HEMBREE, Administrator, ET AL., vs. FRANK HEMBREE, FRED HEMBREE, ANNA HEMBREE, MESSER, ET AL.

PURSUANT to authority from the Clerk of the Superior Court of Haywood County in an order dated July 8th, 1949, notice is given that I will, as Commissioner of the Court, offer for sale at the Court House door in the Town of Waynesville, North Carolina, on the 8th day of August, 1949, at twelve o'clock, M., to the highest bidder for cash, the following described land:

BEGINNING on a stake in Fred Teague's line and runs Northwest 19 poles to a sycamore; thence Northeast 12 poles to a poplar on the bank of a branch; thence down said branch 30 poles to a stake on bank of highway; thence running the highway 55 poles to a stake on bank of highway, and runs thence South with O. H. Parton's line Southwest 23 poles to a stake, Fred Teague's line; thence running with Fred Teague's line 7 poles to the BEGINNING, containing five acres, more or less, and is part of the Joe Teague land in White Oak Township.

This is the same tract of land conveyed by W. C. Lowe and wife to James F. Hembree by deed dated April 20, 1948, and recorded in Book 134, at page 6, Record of Deeds for Haywood County, North Carolina.

The sale of this land is made by the Commissioner appointed for the purpose of creating assets to pay the debts of James F. Hembree, deceased. All persons interested in the purchase of the above described lot of land will take notice of this sale, the date and the terms of the sale.

This the 8th day of July, 1949. HARRY HEMBREE, Administrator and Commissioner of the Court 1870—July 11-18-25 Aug. 1

ALL READY FOR A 'BASKET' PICNIC

GETTING HEALTHIER and cuter every day are the famed Collins quadruplets of the Bronx, New York, who appear here to be having a picnic in a basket. Beaming proudly as she hangs up the tiny garments required by the foursome is Mrs. Catherine Collins, their mother. (International)

Widowed Mother of 8 Given Helping Hand

ROCKFORD, Ill. (UP)—Miss Lou Jones, widowed mother of eight children, lacked money to complete a two-room addition to her home, so her neighbors went to work. A group of Boy Scouts put down the foundations for the addition recently.

Four carpenters volunteered their services, too. They installed wall studding and flooring in the additional space.

It happens at midnight

NO with the Self-D-Frost

SAVE UP TO 30% ON CURRENT

YES, it happens at midnight every night! The handsome new Norge defrosts itself, while you sleep. Frozen foods and ice cubes remain frozen in the extra-large sealed Giant Side Freezer... meat stored in the Coldpack is never disturbed. All you do is empty, once each week, the defrost water collected in the convenient, non-spill Handdefroster.

COULD YOUR WIDOW RAISE READY CASH?

If an emergency requiring immediate cash should arise today you would arrange to meet it. You, with a regular income, could go to the bank and borrow money; you could borrow on your life insurance; or you may have a little fund set aside for just that purpose.

But suppose you were not here. Would your widow be able to meet such emergencies? She would if you arrange now for a Jefferson Standard Emergency Fund to be used for expenses she doesn't expect. Without cost, we shall be glad to give you complete details today.

New-type Plane Makes Amateur Flying Easy

CAMBRIDGE, Mass. (UP)—Two college professors believe they have developed the perfect "flying flyver" for private use.

Their "heliplane" will fly as slow as 27 miles an hour and can land on a tennis court.

The plane's name was chosen because it has the appearance of a conventional plane with the advantages of a helicopter.

The inventors, Otto O. Koppen of the Massachusetts Institute of Technology and Lynn Bollinger of Harvard Business School, said the plane's ability to fly at a slow speed largely eliminates the danger of stalling—a principal hazard in private flying.

The heliophane, which can fly with a maximum speed of 112 miles an hour, will clear a five-story building only 100 yards from a take-off point.

The plane's large wing spread and oversize propeller enable it to stay aloft and descend at slow speeds.

Household HINTS

A wise homemaker in these days will get slip-cover material that is washable, for the fresh clean look of a slip-cover enhances its appeal. She will also follow suit in color-fast bindings, thread and linings. She will read labels to know what is pre-shrunk and color-fast. When she does launder her slip-covers, she will be happier if she knows a few basic rules.

Vacuum thoroughly first, especially around seams and bindings, baste pleats in place, close zippers, wash only one large piece at a time. If arms or back are heavily soiled, rub first with a soap jelly. Wash in medium warm water using mild soap or detergent, rinse well. Use a thin starch for cotton slip-covers. Put covers back on furniture as soon as possible after ironing to retain their fit. Even with good manners and

careful service a dining room rug is due for various stains. Try clear, lukewarm water first on the stain, sponge it into the rug. If this does not do the trick, add a little soap or detergent to the lukewarm water work it lightly to avoid a too clean spot. Or, try a regular cleaning fluid with a light touch.

You can make soap jelly yourself, by merely saving the chips and ends of all bar soaps that are no longer large enough to handle. Melt all the remains of the soap bars together and store in a jar. If you have no available chips and ends, simply make a jelly by adding a little water to a cupful of soap flakes.

The population of the world in 1800 is estimated at 919,000,000.

LAND AT AUCTION
