

Milk Cooling Room In New Barn

This cooling room is part of K. O. Carswell's new Grade A dairy barn in Thickety. The Thickety Community Development Program chairman was one of the first to go into the Grade A milk business after the County Dairy Commission set a goal of 50 new dairy barns for 1949. At the bottom left of the photo is the edge of the cooler, where the cans of fresh milk are placed after it is drawn from the cows in the adjoining section. Mr. Carswell, who is vice-chairman of the County Community Development Program committee, built the new barn and most of its equipment with his own hands, starting the job in January and completing it by late April. The barn has eight stanchions in its milking room.

New Dairy Barn In Thickety

This modern eight-stanchion Grade A dairy barn is one of Thickety Chairman K. O. Carswell's contributions to the Community Development Program. He started building it himself in January. By May 1, his 14 Guernseys were going strong in Grade A milk production. Mr. Carswell made the barn and everything that went into it—except the stanchions—by hand. The novel feature is the solid steel construction of the roof. Mr. Carswell's cows are producing about 315 pounds of milk per day. Incidentally, eight of them have been artificially inseminated. The unit to the right of the door is the cooling room. The barn floor is so paved that it can be cleaned completely in 20 minutes.

With the Thickety leader in front of the barn are his 18-month-old granddaughter, Sharon Elaine Frederick, and a close friend of the family.

The old structure at the left Mr. Carswell plans to remodel into a lounging barn.

Many Attend Cannery Course Held In County

For three days last week, approximately 30 people from Haywood and other counties studied the latest methods in canning, and the maintenance and repair of canning equipment.

J. C. Penzel of the U. S. Agriculture Department's Food Preservation Division office in Atlanta conducted a workshop Wednesday and Thursday at Waynesville Township High School cannery, then gave another day's instruction at the Crabtree cannery.

Attending the Waynesville demonstrations were people from Bethel, Waynesville, Crabtree, Fines Creek, and Brevard, and Katherine Woodard of Asheville, assistant supervisor of the State School Lunch Program, and J. P. Davis, marketing specialist with the State Department of Agriculture.

Mr. Penzel also aided in drawing plans for the new Haywood cannery which will be built at Fines Creek.

Meanwhile, Mrs. Rufus Siler, county school lunch room supervisor, announced that, starting this week, the canneries at Waynesville and Bethel will be open every Wednesday, and the one at Crabtree every Thursday.

The opening hour will be 8:30 a. m. on the days indicated. Food will not be put into process, however, after 2 p. m. on the open days, she added.

When the demand warrants, the canneries will be opened on other days also.

The workshops held last week started at 9 a. m. and continued until 5 p. m.

Too much jamming can make you look older. Try to take it gradually.

Jonathan Creek Plans Inter-Community Field Day, Farm Tour

Judy at Liberty

FREED on \$20,000 bail, pending an appeal of her espionage conviction, Judith Coplon visits the Statue of Liberty during a tour of old, familiar scenes in New York. Among other stops was Barnard College, where she had once been an honor student.

By MRS. ROGER FERGUSON
Mountaineer Correspondent

Jonathan Creek residents made plans Wednesday night to act as hosts for an inter-community Field Day and farm tour next month in conjunction with the Community Development Program.

At the meeting at Rock Hill School, they set August 17 as the date and the school grounds as the place for the Field Day contests. Community officers said they hoped to have White Oak citizens as their guests and contestants.

There will be a farm-to-farm tour of the Jonathan Creek community in the morning, and the recreational events in the afternoon following dinner on the grounds.

Final plans will be made at the next meeting, which will be held at 8 p. m. July 20 at the school.

This was the first such inter-community event definitely scheduled since the County Recreation Commission drew plans late last month for such features in the overall county-wide recreational program.

Community Chairman Fred Ahlson presided at Wednesday night's session.

Assistant County Agent Turner Cathey pointed out some of the advantages of the Community Development Program, and how it may help, stressing the recreational phase.

He briefly discussed the proposed plan for recreation in the different communities, outlining field day and amateur programs.

Another welcome feature of the meeting was the watermelon feast.

Protect your lips with lipomade if they are exposed to the wind and sun.

Southeastern Methodist Laymen To Meet Soon

Mary Welch Love Dies At Home Here

Mary Welch Love, 82, colored, widow of Fate Love, died Saturday at 8:30 p. m. She was well known in this section.

Funeral services will be held Tuesday at 2:30 p. m. at Mt. Olive Baptist Church on Pigeon Road, of which she was a member. The Rev. Jake Smith will officiate.

Surviving are a grandson, Pete Reagan, a daughter-in-law, Josephine Love, and several nieces and nephews.

Wilkins and McCoy Funeral Home, Asheville, is in charge of arrangements.

SCHOOL CARRIES ON

HAMLIN, W. Va. (U.P.)—Fire destroyed Hamlin's \$250,000 high school but it didn't keep the students from their classes. Science pupils continued their studies in a mortuary; commerce students in the county jail basement; physical education pupils in a church recreation room and home economics pupils around a donated domestic sewing machine.

WED IN OPEN AIR

RALEIGH, Tenn. (U.P.)—The couple wanted to be wed in the untimely Christian Church. The bride and bridegroom stood for their wedding beneath open rafters. The only light for the ceremony was the moonlight.

Fines Creek Amateur Night Set For July 22

By MRS. FURMAN NOLAND
Mountaineer Correspondent

Men, women, and children from throughout Haywood County are expected to enjoy the night of July 22 in the Fines Creek Amateur Night contests at the Fines Creek School.

Mrs. Mark Ferguson, chairman of the Fines Creek Community Development Club's program committee, and her committee members, and Assistant County Agent Turner Cathey were continuing their canvass today of the county's talented amateurs.

Mrs. Ferguson said prizes awarded the best performers, and a special door prize would be awarded to a member of the audience.

She requested that all who want to enter contact her at her home on Clyde route 1 or Mr. Cathey at the county agent's office in the court house.

The net income from the box office receipts will help finance the projects being carried out or to be

Woman Given Privilege To Blow Things Up

ELKHORN, Wis. (UP)—Mrs. Myrtle Dohbert, an Elkhorn grandmother, is the first and probably the only licensed dynamiter in Wisconsin.

Mrs. Dohbert received her "certificate of competency" but found out that the law forbids employers from hiring females to work in blasting operations around mines or quarries.

So she'll continue to work for her husband, Paul.

She started in the dynamite business 25 years ago when Paul couldn't find a helper. Mrs. Dohbert didn't have a baby sister for their oldest son, then four, so she took him along.

For the last 10 years she has helped her husband dislodge stumps, smash boulders and dig drainage ditches.

It will cost only 25 cents for the adults, and 15 cents for the children to see this evening of entertainment, which will start at 7:30 p. m.

Presiding will be Community Chairman Charles Duckett.

State No. 1270
