**AT A REAL BARGAIN**

An exceptional buy in one of the most attractive resort sections of Western North Carolina. Just a few miles from Waynesville. A beautiful 84-acre tract ready for subdividing, with a trout stream bordering the whole tract, with plenty of fine homesites, with a mile of frontage on road and stream. There is enough timber to build homes with, and best of all plenty of water to supply any amount of houses or cabins. Large reservoir already built. There are about 25 acres of good farm land, and the balance in wood and good pasture all fenced. Everything in fruit trees one could imagine, also berries of every description and over 100 varieties of grapes. One large homesite already prepared for building, with enough building rock on one pile for use in building this homesite. Would like to sell the whole tract at practically your own price, or may consider cutting the tract into smaller sections. This tract must be seen to really be appreciated.
