

Jonathan Creek People Entertain White Oak Residents In Field Day

The residents of White Oak went over to Jonathan Creek last Monday to see what was being done in the way of farm and home development. The guests were entertained with the many things the hosts had and the spirit of Jonathan Creek cooking.

After assembling at the Rock Hill School, the visitors started their morning inspection tour of the farms and homes of Jonathan Creek. Grady Wilson had fine examples of tobacco and corn to show the guests. While the men later were examining Dave Boyd's pasture, the women inspected Mary Williams' home.

The chickens took the spotlight at Mrs. Frank Kennedy's, then Mrs. R. W. Howell showed the White Oak guests beautiful examples of her rug making technique. At Troy Leatherwood's they examined the dairy, pasture, corn and tobacco crop. Then Mrs. L. B. Leatherwood showed the guests her rugs and other examples of her talent in handicraft. Charlie Moody's alfalfa drew comments of approval from the guests before they went to Dick

Coffee Flavor Adds Zest to Desserts

DELICIOUS ICED COFFEE... Serve it with fudge

COFFEE MARSHMALLOW FLUFF... After a light meal.

By CECILY BROWNSTONE
Associated Press Food Editor

If your family loves the flavor of coffee they'll appreciate coffee desserts. They are simple to make and perfect for a summer dessert... for you sometimes really enjoy a light and sweet ending after a hot-so-heavy meal.

And how good-tasting is your iced coffee? If it is to be top-notch you'll have to start with well-made, hot, strong coffee. One way is to prepare regular strength coffee, put it in a tightly-covered container, and chill it in the refrigerator. Then serve it over ice cubes in tall glasses with sugar or sugar syrup and cream.

If you are in a hurry to produce iced coffee, make the coffee double strength, by using half the amount of water to the usual amount of coffee. Pour it hot over ice cubes in tall glasses, using plenty of cubes; the extra-strong coffee allows for dilution as the ice melts.

COFFEE MARSHMALLOW FLUFF

Ingredients: 1 cup very hot double-strength coffee, 24 fresh marshmallows quartered, 1 cup heavy cream (whipped), few grains salt, lady fingers.

Method: Pour the very hot coffee over the quartered marshmallows and stir to dissolve the marshmallows. Beating with a rotary beater will help dissolve the marshmallows or the mixture may be stirred or beaten over hot water. Cool. Fold in whipped cream and salt. Spoon into sherbet glasses. Decorate with lady fingers. Chill until set; there will be a layer of coffee jelly at the bottom and a layer of marshmallow fluff at the top. Makes 6 servings.

Note: Quarter marshmallows with a kitchen scissors or knife dipped in cold water.

FUDGE CHUNKS

Prepare fudge mix as directed for frosting, using double-strength coffee instead of water. Set over hot water. Break angel food into small pieces, drop into frosting a few pieces at a time, coating completely with the frosting. Remove to waxed paper to cool.

All-Camp Day Held By St. John's Girls

Last Thursday as a climax to the 1949 season, the girls of St. John's Camp participated in a full day of contests to prove their skill and sportsmanship in various athletic feats.

The schedule for the "All-Camp Day" consisted of: reveille, a morning dip, mass breakfast, swimming races and diving contests, rope

climbing, a picnic lunch, sack and three-legged races, archery, darts, and horseshoe contest, an evening banquet, games and stunts, campfire and program, candle-light boat race, candle race (swimming), and taps.

As a part of the campfire program, Kate Reitzel of Conover, North Carolina, because of her leadership in sports during the entire camp season and her outstanding personality traits, was proclaimed the "all-around camp-

fire queen." She was awarded a gold trophy by Miss Louise Burdick, assistant director of the camp. Maribeth Brown of Milwaukee, Wisconsin, received a gold pin for scoring the highest in the day's contest.
